Calling a Wolf a Wolf

Greg is cripplingly shy, afraid of spiders, and obsessed with Breakfast at Tiffany's. He's not exactly the most popular kid at his high school. In fact, he pretty much goes out of his way to avoid talking to anybody he doesn't have to. And it doesn't help that he has a severe lisp. But Greg's English teacher, Miss Hayes, can see that there's something different about him. He's insightful and sensitive beyond his years, and maybe--just maybe--he'll use these strengths to break out of his shell someday. Miss Hayes urges Greg to keep a journal. "This isn't an assignment," she tells him, "just write down your thoughts." Greg begins to write about everything from his mother's ill-conceived interior decorating ideas to his job at the

local butcher's shop. When Greg begins to take an interest in a girl at his school named Alice, he realizes that he will have to face his most paralyzing anxieties if he wants to befriend Alice and help her escape from her violent family life.

What Alice Knew

"The struggle from late youth on, with and without God, agony, narcotics and love is a torment rarely recorded with such sustained eloquence and passion as you will find in this collection." --Fanny Howe This highly-anticipated debut boldly confronts addiction and courses the strenuous path of recovery, beginning in the wilds of the mind. Poems confront craving, control, the constant battle of alcoholism and sobriety, and the questioning of the self and its instincts within the context of this never-ending fight. From "Stop Me If You've Heard This One Before" Sometimes you just have to leave whatever's real to you, you have to clomp through fields and kick the caps off all the toadstools. Sometimes you have to march all the way to Galilee or the literal foot of God himself before you realize you've already passed the place where you were supposed to die. I can no

longer remember the being afraid, only that it came to an end. Kaveh Akbar is the founding editor of Divedapper. His poems appear recently or soon in The New Yorker, Poetry, APR, Tin House, Ploughshares, PBS NewsHour, and elsewhere. The recipient of a 2016 Ruth Lilly and Dorothy Sargent Rosenberg Fellowship from the Poetry Foundation and the Lucille Medwick Memorial Award from the Poetry Society of America, Akbar was born in Tehran, Iran, and currently lives and teaches in Florida.

James and the Giant Peach

The classic novel of fly fishing and spirituality, originally published in 1983. Since its publication in 1983, *THE RIVER WHY* has become a classic. David James Duncan's sweeping novel is a coming-of-age comedy about love, nature, and the quest for self-discovery, written in a voice as distinct and powerful as any in American letters. Gus Orviston is a young fly fisherman who leaves behind his comically schizoid family to find his own path. Taking refuge in a remote cabin, he sets out in pursuit of the Pacific Northwest's elusive steelhead. But what begins as a physical quarry becomes a spiritual one as his quest for self-knowledge batters him with unforeseeable experiences. Profoundly reflective about our connection to nature and to one another, *THE RIVER WHY* is also a comedic rollercoaster. Like Gus, the reader emerges utterly changed, stripped bare by the journey Duncan so expertly navigates.

The Lemon Grove

“In *Surgical Wing*, you will find yourself in phone booths, county fairs, fishing boats, and among ghosts. Strange birds will enter hospital waiting rooms. You will be seduced by knot-makers. You will witness illness, grief, and healing. Finally, the book itself will become the wings that steer you to a greater understanding of yourself and the world.” —Anna Silver

In *Surgical Wing*, surrealistic poems visit an experimental hospital ward, manifesting visions of winged angels and medical tests, as we bear witness to a doctor’s meddling and miracles. Robertson’s poems challenge the internal and external metamorphoses of the human condition and the juxtaposition between death and life by personifying the soul through images of birds. From “You’re About to Fold a Paper Airplane”: Build evidence of air. Pull the results of your blood test from the mailbox. Fold in half: you have wings already. Abnormal? Fold again. You can’t see the inner-workings of an aircraft. And when you’re folding, you can’t study much else. Book your tumor markers a flight to Bora Bora. Vector, Victor. Clearance, Clarence. On any scrap of paper write carry. Write heavenward. Write I choose this over you. Replace this. With flying. With peregrination. Or write I can’t fear you another morning. And fold. Kristin Robertson is a native of East Tennessee, and she graduated with a PhD in creative writing from Georgia State University in Atlanta. Her poetry has appeared or is forthcoming in *Harvard Review*, *Indiana Review*, *TriQuarterly*, *Third Coast*, and *Verse Daily*, among other journals. Kristin lives outside Los Angeles and teaches at the University of California, Riverside.

When their plane crashes in a remote rainforest with no adults left alive, a group of high school students struggles to survive against sinister threats from the jungle -- and one another -- in this tense thriller. Tom Calloway didn't want to go on a field trip to Costa Rica, but circumstances had him ending up sitting in the back of the plane -- which was the only part that was intact after the crash in the remote South American wilderness. Tom and a small group of his classmates are fortunate to be alive, but their luck quickly runs out when some of them fall prey to the unfamiliar threats of the jungle: animals, reptiles, insects, and even the unforgiving heat. Every decision they make could mean life or death. As the days go by and the survivors' desperation grows, things get even more perilous. Not everyone can cope with the trauma of seeing their friends die, and a struggle for leadership soon pits them against each other. Odes to Lithium

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do.

Incredibly Alice

This romantic fiction is an imaginary picture of future world that highlights social behaviour along with the prediction of future human life. Basically its a criticism of modern Western life. It can be a young readers fantasy reading for its portrayal of love and excitement. The book conveys some messages while the readers enjoy reading the story. The names of some major characters are allegorical. The style contains some fairy-tale materials in the story as it proceeds with the prince escape from the palace to the world beyond. Its a journey through the experience of life.

It will be read year after year." —The Horn Book

Nightbird

In this remarkable debut, Shira Erlichman pens a love letter to Lithium, her medication for Bipolar Disorder. With inventiveness, compassion, and humor, she thrusts us into a world of unconventional praise. From an unexpected encounter with her grandmother's ghost, to a bubble bath with Björk, to her plumber's confession that he, too, has Bipolar, Erlichman buoyantly topples stigma against the mentally ill. These are necessary odes to self-acceptance, resilience, and the jagged path toward healing. With startling language, and accompanied by her bold drawings and collages, she gives us a sparkling, original view into what makes us human.

William James

“You were going to work your way into my marriage and you were going to call its new three-way shape holy,” writes the unnamed narrator of *Dear Thief*. The thief is Nina, or Butterfly, who disappeared eighteen years earlier and who is being summoned by this letter, this bomb, these recollections, revisions, accusations, and confessions. “Sometimes I imagine, out of sheer playfulness, that I am writing this as a kind of defence for having murdered and buried you under the patio.” *Dear Thief* is a letter to an old friend, a song, a jewel, and a continuously surprising triangular love story. Samantha Harvey writes with a dazzling blend of fury and beauty about the need for human connection and the brutal vulnerability that need exposes. “While I write my spare hand might be doing anything for all you know; it might be driving a pin into your voodoo stomach.” Here is a rare novel that traverses the human heart in original and indelible ways.

Alice and the Fly

Get ready to start your own incredible, amazing life...right? Alice McKinley is standing on the edge of something new—and half afraid she might fall off. Graduation is a big deal—that gauntlet of growing

up that requires everyone she's known since forever to make huge decisions that will fling them here and there and far from home. But what if Alice wants to be that little dandelion seed that doesn't scatter? What if she doesn't have the heart to fly off into the horizon on the next big breeze? And what if that starts to make her feel like staying close to home means she's a little less incredible than her friends—and her boyfriend Patrick? Sometimes the bravest thing you can do is be honest with yourself—and sometimes the most incredible thing you can do is sneak a little fun into all this soul-searching.

The Long-Legged Fly

A fully realized portrait of one woman's life in all its complexity, by the National Book Award-winning author An ordinary life—its sharp pains and unexpected joys, its bursts of clarity and moments of confusion—lived by an ordinary woman: this is the subject of *Someone*, Alice McDermott's extraordinary return, seven years after the publication of *After This*. Scattered recollections—of childhood, adolescence, motherhood, old age—come together in this transformative narrative, stitched into a vibrant whole by McDermott's deft, lyrical voice. Our first glimpse of Marie is as a child: a girl in glasses waiting on a Brooklyn stoop for her beloved father to come home from work. A seemingly innocuous encounter with a young woman named Pegeen sets the bittersweet tone of this remarkable novel. Pegeen describes herself as an "amadan," a fool; indeed, soon after her chat with Marie, Pegeen tumbles down her own

basement stairs. The magic of McDermott's novel lies in how it reveals us all as fools for this or that, in one way or another. Marie's first heartbreak and her eventual marriage; her brother's brief stint as a Catholic priest, subsequent loss of faith, and eventual breakdown; the Second World War; her parents' deaths; the births and lives of Marie's children; the changing world of her Irish-American enclave in Brooklyn—McDermott sketches all of it with sympathy and insight. This is a novel that speaks of life as it is daily lived; a crowning achievement by one of the finest American writers at work today. She thinks my condition's caused by some traumatic incident from my past I keep deep-rooted in my mind.

As soon as I come clean I'll flood out all these tears and it'll all be ok and I won't be scared of Them anymore. The truth is I can't think of any single traumatic childhood incident to tell her. I mean, there are plenty of bad memories - Herb's death, or the time I bit the hole in my tongue, or Finners Island, out on the boat with Sarah - but none of these are what caused the phobia. I've always had it. It's Them. I'm just scared of Them. It's that simple. For fans of Sarah Winman, Junot Diaz and Maria Semple, *Alice and the Fly* is an unforgettable book about phobias and obsessions, isolation and dark corners, families, friendships, and carefully preserved secrets. Texas Night Before Christmas

Aphorism (n.): a pithy observation which contains a general truth 'All my teachers have been women. Though several men have taken me aside for an hour to tell me things they know' The Book of Shadows contains several hundred reflections and aphorisms on love, God, art, sex, death, work, and the spirit, imagination and conduct of the human animal. Writing with the same mixture of high seriousness, dark humour and lyric precision that define his poetry, Don Paterson has made a book to carry everywhere and open anywhere - to brighten or darken the moment, but always to administer a jolt to the idling mind. Zero Gravity

The definitive biography of the fascinating William James, whose life and writing put an indelible stamp on psychology, philosophy, teaching, and religion—on modernism itself. Often cited as the “father of American psychology,” William James was an

intellectual luminary who made significant contributions to at least five fields: psychology, philosophy, religious studies, teaching, and literature. A member of one of the most unusual and notable of American families, James struggled to achieve greatness amid the brilliance of his theologian father; his brother, the novelist Henry James; and his sister, Alice James. After studying medicine, he ultimately realized that his true interests lay in philosophy and psychology, a choice that guided his storied career at Harvard, where he taught some of America's greatest minds. But it is James's contributions to intellectual study that reveal the true complexity of man. In this biography that seeks to understand James's life through his work—including *Principles of Psychology*, *The Varieties of Religious Experience*, and *Pragmatism*—Robert D. Richardson has crafted an exceptionally insightful work that explores the mind of a genius, resulting in “a gripping and often inspiring story of intellectual and spiritual adventure” (*Publishers Weekly*, starred review). “A magnificent biography.” —*The Washington Post*

Urdu Children's Book

“Walsh’s pacing is brilliant, her writing a combination of William Trevor and Erica Jong, as she fearlessly explores the complexities and nuances of a woman surprised by her own feelings.... Gripping.....Can mutual peace really coexist with wild chaos? Walsh’s readers will find themselves eagerly turning the pages, racing to find out.” --The New York Times Book Review A highly charged, sultry, beautifully written and compulsive one-sit read, The Lemon Grove is an intense novel about obsession and sex—the perfect summer book. Jenn and Greg have been married for fourteen years, and, as the book opens, they are enjoying the last week of their annual summer holiday in Deia, a village in Majorca off the coast of southern Spain. Their days are languorous, the time passing by

in a haze of rioja-soaked lunches, hours at the beach, and lazy afternoon sex in their beautiful villa. It is the perfect summer idyll . . . until Greg's teenage daughter (Jenn's stepdaughter), Emma, arrives with her new boyfriend, Nathan, in tow. What follows, over the course of seven days, is a brilliantly paced fever dream of attraction between Jenn and the reckless yet mesmerizing Nathan. It is an intense pas de deux of push and pull, risk and consequence . . . and moral rectitude, as it gets harder and harder for Jenn to stifle her compulsion. This is a very smart novel about many things: the loss of youth, female sexuality, the lure of May/December temptation, the vicissitudes of marriage and the politics of other people's children. It is simultaneously sexy and substantive, and Helen Walsh's masterful, even-handed tone can't help but force the reader to wonder: "What would I have done?" Beautifully written with the tension of a rubber band just about to snap, *The Lemon Grove* is a book that will have people talking all summer long.

100 Things to Know About Space

"A marvelously rich and intelligent read, atmospheric, witty, irreverent, and not least a sharply perceptive portrait of those three extraordinary Jameses." -John Banville, author of *The Infinities Under Certain Circumstances*, *No One Is More Suited to Solving a Crime than a Woman Confined to Her Bed* An invalid for most her life, Alice James is quite used to people underestimating her. And she generally doesn't mind. But this time she is not about to let things alone. Yes, her brother Henry may be a famous author, and her

other brother William a rising star in the new field of psychology. But when they all find themselves quite unusually involved in the chase for a most vile new murderer-one who goes by the chilling name of Jack the Ripper-Alice is certain of two things: No one could be more suited to gather evidence about the nature of the killer than her brothers. But if anyone is going to correctly examine the evidence and solve the case, it will have to be up to her. Praise for Paula Marantz Cohen "Cohen's wit is sharp, smart, and satirical, and her characterizations are vividly on target." -San Francisco Chronicle

The People Could Fly

Back in the last weeks of February, which now feels like a hundred years ago, we here in Innishannon were busy planning what was termed 'The Big Rake Off' of the dead grass on the long sloping bank beside the road coming into the village. Happily unaware of forthcoming events, we were totally focused on creating our wild flower bank: to get something like this going you need a 'metheal', a word which prior to the corona virus was unknown to anyone under 40. Then everything changed Exploring the themes of community, family and personal wellbeing, Alice Taylor examines a world changed utterly by the arrival of a once-in-a-century infectious disease. Heart-warming, reflective yet always practical, Alice is a wonderful guide in a world unlike the one we lived in only a few short months ago.
