The Youth's Companion

When Bloomberg journalist Mark Pittman suddenly died, his widow spent four summers driving 31,152 miles searching for answers. In her fearless memoir, *The Pink Steering Wheel Chronicles: A Love Story*, author Laura Fahrenthold presents a moving portrait of marriage, motherhood and mourning as she captains a 1993 RV sprinkling her husband's ashes with their two young daughters and a stray dog in an epic quest for healing and understanding. Filled with insight and wit from a career in journalism, the story captures the family's adventures and misadventures, her deeply-layered love story, and her hilarious slice-of-life dispatches where the pink steering wheel becomes her spiritual GPS.

Modern beauty contests were invented by P.T. Barnum in the United States, but in the 20th century pageants and contests have spread across the entire world from Nepal to Tierra Del Fuego. Why are women (and sometimes men in drag) parading on stage such a universally appealing spectacle, attracting an audience in the billions? This book is the first global comparison of pageants from different parts of the world, at the ways each contest is both intensely local and unique, and simultaneously global and remarkable repetitive. The authors use the latest tools of feminist, ethnographic, and literary scholarship to unpack and interpret one of the greatest and most universal spectacles of modern times.

The Thai capital Bangkok is the unrivalled centre of the country's gay, lesbian and transgender communities. These communities are among the largest in Southeast Asia, and indeed in the world, and have a diversity, social presence and historical depth that set them apart from the queer cultures of many neighbouring societies. The first years of the 21st Century have marked a significant transition moment for all of Thailand's LGBT cultures, with a multidimensional expansion in the geographical extent, media presence, economic importance, political impact, social standing, and cultural relevance of Thai queer communities. This book analyzes the roles of the market and media - especially cinema and the Internet - in these transformations, and considers the ambiguous consequences that the growing commodification and mediatization of queer lives have had for LGBT rights in Thailand. A key finding is that in the early 21st Century processes of global queering are leading to a growing Asianisation of Bangkok's queer cultures. This book traces Bangkok's emergence as a central focus of an expanding regional network linking gay, lesbian and transgender communities in Hong Kong, Singapore, Taiwan,

Indonesia, the Philippines and other rapidly developing East and Southeast Asian societies. Peter A. Jacksonis associate professor in the School of Culture, History and Language at Australian National University. "The myriad faces of Thai gender/sexuality culture have been an attraction for both pleasure-seekers and researchers/scholars/activists. Exploring the rapidly changing LGBT cultures and Thai queer identities, the essays collected here provide insightful analyses of historical continuities as well as developing variations within the highly complex erotic/economic texture of Thai society. A must-read for anyone in the booming field of gender/sexuality studies." -Josephine Ho, Chair Professor, Center for the Study of Sexualities, National Central University, Taiwan

One Million Lovely Letters is one woman's inspirational journey to recovery. A witty and uplifting testament to the power of words to heal the heart and mind. As featured on 'Jodi's Lovely Letters', part of the popular BBC One series 'Our Lives'. In the summer of 2011, aged only 22, Jodi Ann Bickley contracted a serious brain infection that would change her life forever. Jodi had been performing at Camp Bestival on the Isle of Wight. Returning with pockets full of glitter, she thought the happy memories would last forever. A week later, writhing in pain on the doctor's surgery floor, Jodi found out that she had been bitten by a tick and contracted a serious brain infection. Learning to write and walk again was just the start of the battle. In the months that followed Jodi struggled with the ups and downs of her health and the impact it had on her loved ones. Some days Jodi found herself wondering whether she could go on. She had two choices: either to give up now or do something meaningful with the time she had been given. Jodi chose the latter. This is the story how she turned her life around. 'An extraordinary woman.' Stephen Fry 'There is so much emotion in these pages that we challenge you not to cry.' Cosmopolitan 'It's a fantastic book, from a fantastic wordsmith, and I'm so proud of how much Jodi has achieved since I've known her. Proper chuffed. Ed x' Ed Sheeran www.onemillionlovelyletters.com

NEW YORK TIMES BESTSELLER • From J. Kenner comes the second novel in the fast-paced trilogy that started with Release Me. This sexy, emotionally charged romance continues the story of Damien Stark, the powerful multimillionaire who's never had to take "no" for an answer, and Nikki Fairchild, the Southern belle who only says "yes" on her own terms. For Damien, our obsession is a game. For me, it is fiercely, blindingly, real. Damien Stark's need is palpable—his need for pleasure, his need for control, his need for me. Beautiful and brilliant yet tortured at his core, he is in every way my match. I have agreed to be his alone, and now I want him to be fully mine. I want us to possess each other beyond the sweetest edge of our ecstasy, into the deepest desires of our souls. To let the fire that burns between us consume us both. But there are dark places within Damien that not even our wildest passion can touch. I yearn to know his secrets, yearn for him to surrender to me as I have surrendered to him. But our troubled pasts will either bind us close . . . or shatter us completely. NOTE: This edition includes an excerpt from J. Kenner's Say My Name. Claim Me is intended for mature audiences.

The Consulting Bible

Governance is a word that is increasingly heard and read in modern times, be it corporate governance, global governance, or investment governance. Investment governance, the central concern of this modest volume, refers to the effective employment of resources—people, policies, processes, and systems—by an individual or governing body (the fiduciary or agent) seeking to fulfil their fiduciary duty to a principal (or beneficiary) in addressing an underlying investment challenge. Effective investment governance is an enabler of good stewardship, and for this reason it should, in our view, be of interest to all fiduciaries, no matter the size of the pool of assets or the nature of the beneficiaries. To emphasize the importance of effective investment governance and to demonstrate its flexibility across organization type, we consider our investment governance process within three contexts: defined contribution (DC) plans, defined benefit (DB) plans, and endowments and foundations (E&Fs). Since the financial crisis of 2007–2008, the financial sector’s place in the economy and its methods and ethics have (rightly, in many cases) been under scrutiny. Coupled with this theme, the task of investment governance is of increasing importance due to the sheer weight of money, the retirement savings gap, demographic trends, regulation and activism, and rising standards of behavior based on higher expectations from those fiduciaries serve. These trends are at the same time related and self-reinforcing. Having explored the why of investment governance, we dedicate the remainder of the book to the question of how to bring it to bear as an essential component of good fiduciary practice. At this point, the reader might expect investment professionals to launch into a discussion about an investment process focused on the best way to capture returns. We resist this temptation. Instead, we contend that achieving outcomes on behalf of beneficiaries is as much about managing risks as it is about capturing returns—and we mean “risks” broadly construed, not just fluctuations in asset values.

This work explores the movement for design reform in turn-of-the-century Boston. When English craftsman, poet, and socialist William Morris advised consumers in the 1880s to 'have nothing in your houses that you do not know to be useful',

he prompted a movement for design reform.
