### I Just Freaking Love Cats Ok

E X C E R P T S from The Shaman in the Disco: it often happens for men that sensual deprivation leads to sexual obsession. Not knowing how to be with his inner alienation, he brings it to his girlfriend and experiences it, inaccurately, as estrangement between them. This perilous move to seek one's psychological moorings in someone else is to a great extent the fulfillment of our cultural fantasy of "love." I see in the image of Dracula, bent over the entranced woman and sucking her blood, the inevitable outcome of a man's desire who has been socialized into a hostile relationship towards all things in himself we in our culture call "feminine." He [Darth Vader] has literally and figuratively opened up, become unmasked, and he and Luke share a moment of unguarded closeness. It will be their first and last, because, along the lines of many father-son scenes like this in American film and literature, the defenses and guardedness fall away only when the father or son is dying. As if in male culture one could only die for-not live with-this sort of closeness. Love requires of us the ability to

surrender our ego needs to the greater ideal of union with another; this first necessitates that we can surrender our ego defenses to a greater awareness of and intimacy with ourselves.

The Sea Cat's life sees many changes, from farm to sea, family pet to working cat and then the stormHe copes in various ways - by adapting, by treasuring the happy memories, by grieving and by reaching out to comfort those around him and so

ease their journey. A story for all ages about coping with change. This narrative verse story has been successfully used in Australia, USA and Malta in bibliotherapy sessions with families and children whose lives have been impacted by change. Reading Time Online review by Romi Sharp <http://readingtime.com.au/the-sea-cat-dreams/> I am adding The Sea Cat Dreams as a good resource in my new book, "Life and Loss" [3rd edition]. Linda Goldman, FT, MS counselling, ME early childhood education, LCPC, NBCC [www.childrensgrief.net](http://www.childrensgrief.net) I would definitely use The Sea Cat Dreams with my clients, young and old. Youla Overbey MA, LLPCThe Sea Cat Dreams is a book I would wholeheartedly recommend. Claire Casha, Master in Family Studies, over ten years' experience of family therapy. Clinicians who treat children coping with change will want to keep this book on their bookshelf [as] a valuable resource I highly recommend [it]. Barbara Cunningham, Psy.D., MFTreview by Jennifer DouglasWhat can I say about The Sea Cat Dreams but Wow! The realism of [Muza Ulasowski's] work puts the reader right within the book. She truly is an artist to be adored. The message of love and loss is hidden nicely within the adventures of the life of this cat but is clear enough for it to be addressed should the need arise. Coping with change also speaks clearly within this book and would be great used with a child who is sensitive to change in their lives. This book captivates, elates and moves. This is a book that shows the high quality that is available in children's literature. Review by Dr. Virginia LowePoulter's text is in gentle rhyming verse, and Ulasowski's paintings are rich and realistic. It is valuable for children to have picture books covering all aspects of life (and death).

### **Adventures of Siberian Cat Katerina**

Mongolia is a vast country located between Siberia and China, and little-known to outsiders. As Mongolia had long been under Soviet rule, it was inaccessible to Westerners. That was until 1990, when Stephen J. Bodio began planning his trip. As a boy, Bodio was always fascinated with nature. When he saw an image in National Geographic of a Kazakh nomad, dressed in a long coat and wearing a fur hat, holding a huge eagle on his fist, his life was changed from then on. When Mongolia became independent in 1990, Bodio knew that his dream to see the eagle hunters from the picture in National Geographic" /i> so many years ago was soon to become a reality. In Eagle Dreams, readers follow Bodio on his long-awaited trip to Mongolia, where he spent months with the people and birds of his dreams. He is finally able to visit the birth place of falconry and observe the traditions that have survived intact through the ages. Not only does he get to witness things most people will never be able to, but he's also able to give life to his dreams and the people, landscapes, and animals of Mongolia that have become part of his soul.
