## An Evil Shadow

Ghana, eighteenth century: two half sisters are born into different villages, each

## Read Free Evil Empire 101 Ways That England Ruined The World

unaware of the other. One will marry an Englishman and lead a life of comfort in the palatial rooms of the Cape Coast Castle. The other will be captured in a raid on her village, imprisoned in the very same castle, and sold into slavery. One of Oprah's Best Books of the Year and a PEN/Hemingway award winner, Homegoing follows the parallel paths of these sisters and their descendants through eight generations: from the Gold Coast to the plantations of Mississippi, from the American Civil War to Jazz Age Harlem. Yaa Gyasi's extraordinary novel illuminates slavery's troubled legacy both for those who were taken and those who stayed—and shows how the memory of captivity has been inscribed on the soul of our nation. A New York Times Notable Book

## **The Good Reverend's Guide to Infused Spirits**

From the eighteenth century until the 1950s the British Empire was the biggest political entity in the world. The territories forming this empire ranged from tiny islands to vast segments of the world's major continental land masses. The British Empire left its mark on the world in a multitude of ways, many of them permanent. In this Very Short Introduction, Ashley Jackson introduces and defines the British Empire, reviewing its historiography by answering a series of key questions: What was the British Empire, and what were its main constituent parts? What were the phases of imperial expansion and contraction and the general causes of expansion and contraction? How was the Empire ruled? What were its economic effects? What

## Read Free Evil Empire 101 Ways That England Ruined The World

were the cultural implications of empire, in Britain and its colonies? What was life like for people living under imperial rule? What are the legacies of the British Empire and how should we view its place in world history? ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

### **Evil Creeps In: a Tale of Exorcism**

Follows the adventures of Paul Atreides, the son of a betrayed duke given up for dead on a treacherous desert planet and adopted by its fierce, nomadic people, who help him unravel his most unexpected destiny.

### **Evil Plans and Other Stuff**

This 8-1/2" x 11" permanent storage notebook is perfect for math, science, engineering, school and more. Printed on white paper, this 80 page paperback book is 3/4" hexagonal graph ruled on both sides.

## **Amusing Ourselves to Death**

### **The Laws of Human Nature**

Traces how the works of Charles Dickens and Henry Mayhew reflected the poor majority in mid-nineteenth-century London, citing the achievements of such influential figures as John Maynard Keyes, Paul Samuelson, and Amartya Sen.

### **The Evil Empire**

The Vengeance Game is a tradition as old as time. Right now, three monsters and three humans have been pitted against one another in a battle of good and evil. In a normal world, now completely turned upside down, Eric Denari, Trisha Ivering, and Devlyn Logan must square off against deadly and dangerous enemies from their past and fight for a chance at survival. As legends of the Underworld, Vlad Craft, Wesley Renwick, and Vitz Venentile are a force to be reckoned with and hell bent on making their victims pay. Who will win in this demon's game of revenge?

### **The History of the Future**

## Read Free Evil Empire 101 Ways That England Ruined The World

“No series since George R.R. Martin’s *A Song of Ice and Fire* has quite captured both palace intrigue and the way that tribal infighting and war hurt the vulnerable the most.” —Paste Magazine The final chapter in the bestselling, critically acclaimed *Daevabad Trilogy*, in which a con-woman and an idealistic djinn prince join forces to save a magical kingdom from a devastating civil war. *Daevabad* has fallen. After a brutal conquest stripped the city of its magic, Nahid leader Banu Manizheh and her resurrected commander, Dara, must try to repair their fraying alliance and stabilize a fractious, warring people. But the bloodletting and loss of his beloved Nahri have unleashed the worst demons of Dara’s dark past. To vanquish them, he must face some ugly truths about his history and put himself at the mercy of those he once considered enemies. Having narrowly escaped their murderous families and *Daevabad*’s deadly politics, Nahri and Ali, now safe in Cairo, face difficult choices of their own. While Nahri finds peace in the old rhythms and familiar comforts of her human home, she is haunted by the knowledge that the loved ones she left behind and the people who considered her a savior are at the mercy of a new tyrant. Ali, too, cannot help but look back, and is determined to return to rescue his city and the family that remains. Seeking support in his mother’s homeland, he discovers that his connection to the marid goes far deeper than expected and threatens not only his relationship with Nahri, but his very faith. As peace grows more elusive and old players return, Nahri, Ali, and Dara come to understand that in order to remake the world, they may need to fight those they once loved . . . and take a stand for those they once hurt.

## **Inglorious Empire**

### **Beyond Good and Evil**

Examines the ways in which television has transformed public discourse--in politics, education, religion, science, and elsewhere--into a form of entertainment that undermines exposition, explanation and knowledge, in a special anniversary edition of the classic critique of the influence of the mass media on a democratic society. Reprint.

Our notebooks and journals are made for fun, innovative and creative spirits, just like you. Check them out today.

### **The Empire of Gold**

Investigations into how technologies became peculiar forms of politics in an expanded geography of the Cold War. The Cold War was not simply a duel of superpowers. It took place not just in Washington and Moscow but also in the social and political arenas of geographically far-flung countries emerging from colonial rule. Moreover, Cold War tensions were manifest not only in global political disputes but also in struggles over technology. Technological systems and expertise offered a powerful way to shape countries politically, economically, socially, and culturally. Entangled Geographies explores how Cold War politics, imperialism, and postcolonial nation building became entangled in technologies and considers the legacies of those entanglements for today's globalized world. The essays address such topics as the islands and atolls taken over for military and

## Read Free Evil Empire 101 Ways That England Ruined The World

technological purposes by the supposedly non-imperial United States, apartheid-era South Africa's efforts to achieve international legitimacy as a nuclear nation, international technical assistance and Cold War politics, the Saudi irrigation system that spurred a Shi'i rebellion, and the momentary technopolitics of emergency as practiced by *Médecins sans Frontières*. The contributors to *Entangled Geographies* offer insights from the anthropology and history of development, from diplomatic history, and from science and technology studies. The book represents a unique synthesis of these three disciplines, providing new perspectives on the global Cold War.

### **Unhitched**

Tad McGreevy has a power that he has never revealed, not even to his life-long best friend, Stevie Scranton. When Tad looks at others, he sees colors. These auras tell Tad whether a person is good or evil. At night, Tad dreams about the evil-doers, reliving their crimes in horrifyingly vivid detail. But Tad doesn't know if the evil acts he witnesses in his nightmares are happening now, are already over, or are going to occur in the future. He has no control over the horrifying visions. He has been told (by his parents) never to speak of his power. All Tad knows is that he wants to protect those he loves. And he wants the bad dreams to stop.

## **US Foreign Policy After The Cold War**

### **Colonial Spirits**

The cold war came to a grinding halt during the astounding developments of 1989-1991. The Berlin Wall fell, Eastern European countries freed themselves from Soviet domination, and the Soviet Union itself disintegrated after witnessing a failed coup presumably aimed at restoring a communist dictatorship. Suddenly the “evil empire” was no more, and U.S. foreign policy was forever changed. This volume explores the revisions to a variety of bureaucratic institutions and policy areas in the wake of these political upheavals.

### **Revelation**

Did President Reagan's hawkish policies destroy the Soviet Union and enable the United States to win the Cold War? Many Americans believe this to be the case. In this view -- known as "triumphalism" -- Reagan's denunciations of the "evil empire" and his military buildup compelled Moscow to admit defeat. The president's triumph demonstrates that America's leaders should stand strong and threaten adversaries into submission. Drawing on both US and Soviet sources, this study

## Read Free Evil Empire 101 Ways That England Ruined The World

demonstrates that triumphalism is a series of falsehoods about President Reagan's intentions, his policies, and the impact his administration had on the Soviet Union. In reality, the president's initially hardline posture undermined US interests and brought the superpowers to the brink of war. This work exposes Reagan's dedication to diplomacy and his unorthodox views about global security, which frequently brought him into conflict with his own advisers and allies. The president did not seek to destroy the USSR; rather, he sought to eliminate nuclear weapons. This volume also explains why Moscow chose to abandon the arms race, adopt democratic reforms, and withdraw from its ill-fated war in Afghanistan. These initiatives were part of a reform movement that had been growing in the USSR for decades before Reagan entered office. The Kremlin did not acquiesce to American pressure; rather, Soviet reformers believed the arms race had been futile and sought to move beyond the Cold War. In fact, President Reagan's initially aggressive policies had made it more difficult for Moscow to pursue these revolutionary reforms. Ultimately President Reagan and General Secretary Gorbachev together were able to accomplish what no one at the time thought possible -- the peaceful conclusion of the Cold War. The president's opposition to nuclear weapons, his determined leadership, and his dedication to diplomacy are his most enduring legacies.

### **Evil Genius Notebook**

## Read Free Evil Empire 101 Ways That England Ruined The World

When a woman comes to a Roman Catholic Church seeking help for her mother, two lifelong friends, one a Lutheran layman, and the other a Catholic priest, find their friendly discussions turning to the more serious topics of evil, demonic possession and exorcism. Over a period of weeks, the priest observes an exorcism, and he tells his friend some of what he sees, but can the two friends exorcise their own personal demons in the meantime?

### **Grand Pursuit**

This groundbreaking international bestseller lays to rest many myths about the Holocaust: that Germans were ignorant of the mass destruction of Jews, that the killers were all SS men, and that those who slaughtered Jews did so reluctantly. Hitler's Willing Executioners provides conclusive evidence that the extermination of European Jewry engaged the energies and enthusiasm of tens of thousands of ordinary Germans. Goldhagen reconstructs the climate of "eliminationist anti-Semitism" that made Hitler's pursuit of his genocidal goals possible and the radical persecution of the Jews during the 1930s popular. Drawing on a wealth of unused archival materials, principally the testimony of the killers themselves, Goldhagen takes us into the killing fields where Germans voluntarily hunted Jews like animals, tortured them wantonly, and then posed cheerfully for snapshots with their victims. From mobile killing units, to the camps, to the death marches, Goldhagen shows how ordinary Germans, nurtured in a society where Jews were seen as

## Read Free Evil Empire 101 Ways That England Ruined The World

unalterable evil and dangerous, willingly followed their beliefs to their logical conclusion. "Hitler's Willing Executioner's is an original, indeed brilliant contribution to the literature on the Holocaust."--New York Review of Books "The most important book ever published about the Holocaust Eloquenty written, meticulously documented, impassioned A model of moral and scholarly integrity."--Philadelphia Inquirer

### **Principles of Economics**

From the moment he set foot on it, Karl Rove has rocked America's political stage. He ran the national College Republicans at twenty-two, and turned a Texas dominated by Democrats into a bastion for Republicans. He launched George W. Bush to national renown by unseating a popular Democratic governor, and then orchestrated a GOP White House win at a time when voters had little reason to throw out the incumbent party. For engineering victory after unlikely victory, Rove became known as "the Architect." Because of his success, Rove has been attacked his entire career, accused of everything from campaign chicanery to ideological divisiveness. In this frank memoir, Rove responds to critics, passionately articulates his political philosophy, and defends the choices he made on the campaign trail and in the White House. He addresses controversies head-on— from his role in the contest between Bush and Senator John McCain in South Carolina to the charges that Bush misled the nation on Iraq. In the course of putting the record

## Read Free Evil Empire 101 Ways That England Ruined The World

straight, Rove takes on Democratic leaders who acted cynically or deviously behind closed doors, and even Republicans who lacked backbone at crucial moments. *Courage and Consequence* is also the first intimate account from the highest level at the White House of one of the most headline-making presidencies of the modern age. Rove takes readers behind the scenes of the bitterly contested 2000 presidential contest, of tense moments aboard Air Force One on 9/11, of the decision to go to war in Afghanistan and Iraq, of the hard-won 2004 reelection fight, and even of his painful three years fending off an indictment by Special Prosecutor Patrick Fitzgerald. In the process, he spells out what it takes to win elections and how to govern successfully once a candidate has won. Rove is candid about his mistakes in the West Wing and in his campaigns, and talks frankly about the heartbreak of his early family years. But *Courage and Consequence* is ultimately about the joy of a life committed to the conservative cause, a life spent in political combat and service to country, no matter the costs.

### **The Vengeance Game: Believe in Evil**

Val Bosanquet, a former New Orleans detective, is offered a job as Chief of a campus PD. A Haitian child killer he helped convict for the murder of her mother has just been enrolled at the university. Val stumbles across new evidence linking the ten-year old murder to a disgraced cop and one of America's most popular sportswear companies. Corporate corruption and Voodoo make for a volatile mix in

## Read Free Evil Empire 101 Ways That England Ruined The World

the Deep South.

### **The Law of Nations**

They invented slums. They invented child labor. They put Saddam Hussein in power. They burned Joan of Arc at the stake, and they enslaved the globe to get their tea fix. We're talking about England, of course, and the terrible evils they've set loose on the world. In *The Evil Empire*, American author Steven Grasse documents the 101 worst atrocities of Mother England everything from foxhunting to the invention of the concentration camp. With an irreverent mix of historical facts, smart commentary, and red-blooded American arrogance, Grasse offers a devastating critique of the country that gave us the machine gun, factory labor, and the metric system. Publishing just in time for the Queen's birthday (April 21), *The Evil Empire* is essential reading for true-blue Americans and others oppressed by the English throughout history.

### **Evil Never Dies**

Reformed Evil Queen, Jane Yvel, now has it all--her handsome Prince Gallant, a loving daughter, and a successful career. The only thing missing is a baby with her husband, something she both desires and fears in light of her sordid past. But

### **Courage and Consequence**

A deluxe, high-quality edition of Friedrich Nietzsche's seminal work Beyond Good and Evil is one of the final books by German philosopher Friedrich Nietzsche. This landmark work continues to be one of the most well-known and influential explorations of moral and ethical philosophy ever conceived. Expanding on the concepts from his previous work Thus Spoke Zarathustra, Nietzsche adopts a

## Read Free Evil Empire 101 Ways That England Ruined The World

polemic approach to past philosophers who, in his view, lacked critical sense in accepting flawed premises in their consideration of morality. The metaphysics of morality, Nietzsche argues, should not assume that a good man is simply the opposite of an evil man, rather merely different expression of humanity's common basic impulses. Controversial in its time, as well as hotly debated in the present, Nietzsche's work moves beyond conventional ethics to suggest that a universal morality for all human beings is non-existent – perception, reason and experience are not static, but change according to an individual's perspective and interpretation. The work further argues that philosophic traditions such as "truth," "self-consciousness" and "free will" are merely inventions of Western morality and that the "will to power" is the real driving force of all human behaviour. This volume: Critiques the belief that actions, including domination or injury to the weak, can be universally objectionable Explores themes of religion and "master and slave" morality Includes a collection of stunning aphorisms and observations of the human condition Part of the bestselling Capstone Classics Series edited by Tom Butler-Bowdon, this collectible, hard-back edition of *Beyond Good and Evil* provides an accessible and insightful Introduction by leading Nietzsche authority Dr Christopher Janaway. This deluxe volume is perfect for anyone with interest in philosophy, psychology, science, history and literature.

### **The Myth of Triumphalism**

## Read Free Evil Empire 101 Ways That England Ruined The World

The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. “The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church’s journey in years to come.” – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for “the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned,” the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, “to recognize the traces of God’s Spirit in events great and small.” Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage From the Hardcover* edition.

A complete guide to home uses for neutral spirits, from infusions and tinctures to cocktails and cleaning solutions. A bottle of rectified alcohol, like The Good Reverend's Universal Spirit from Tamworth Distilling, is a bottle of possibilities. In these pages, you'll discover over 100 recipes for infusions, tinctures, cocktails, cordials, elixirs, punches, and even household cleaners. This handbook will teach you to replicate famous liqueurs and classic cocktails, and help you prepare perfect garnishes and celebratory toasts. With step-by-step instructions and photos, you'll learn processes culinary, scientific, and alchemical to improve everything from your parties to your health. You'll learn the processes of osmosis and dissolution that create the perfect infusions. You'll be given the secrets to prep for guests lists of 1 or 100. You'll be guided through pairing your alcoholic creations with the rhythms of nature. Yes, with a bottle of purified spirits, you'll be able to purify your own human spirit. These recipes explain not just the flavor benefits of their ingredients, but also the spiritual and supernatural. Discover the meanings of herbs, the ratio of the Fibonacci sequence, and the effects of moon phases, among so much more. Come for the drinks, but stay for the magic.

### **The Arabian Nights**

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children

## Read Free Evil Empire 101 Ways That England Ruined The World

lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

### **Entangled Geographies**

In *Colonial Spirits*, Steven Grasse presents a historical manifesto on drinking, including 50 colonial era- inspired cocktail recipes. The book features a rousing timeline of colonial imbibing and a cultural overview of a dizzying number of drinks: beer, rum and punch; temperance drinks; liqueurs and cordials; medicinal beverages; cider; wine, whiskey, and bourbon—all peppered with liquored-up adages from our founding fathers. There is also expert guidance on DIY methods for home brewing. Imbibe your way through each chapter, with recipes like the Philadelphia Fish House Punch (a crowd pleaser!) and Snakebites (drink alone!). Hot beer cocktails and rattle skulls have never been so completely irresistible.

### **Homegoing**

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

### **The Mueller Report: Report on the Investigation into Russian Interference in the 2016 Presidential Election**

High Quality Content by WIKIPEDIA articles! The Evil Empire: 101 Ways That England Ruined the World is an anglophobic book written by Steven A. Grasse, the chief executive officer of Philadelphia marketing agency Gyro. It was first published in April 2007 by Quirk Books. In it, the author argues that many of the world's problems were caused by the British Empire, and also insults, criticises and stereotypes British culture. The book received much criticism, especially from the United Kingdom, for many of its arguments and conclusions, though some were supported by British critics.

The dramatic, larger-than-life true story behind the founding of Oculus and its quest for virtual reality, by the bestselling author of Console Wars. From iconic books like Neuromancer to blockbuster films like The Matrix, virtual reality has long been hailed as the ultimate technology. But outside of a few research labs and military training facilities, this tantalizing vision of the future was nothing but science fiction. Until 2012, when Oculus founder Palmer Luckey—then just a rebellious teenage dreamer living alone in a camper trailer—invents a device that has the potential to change everything. With the help of a videogame legend, a serial entrepreneur and many other colorful characters, Luckey’s scrappy startup kickstarts a revolution and sets out to bring VR to the masses. As with most underdog stories, things don’t quite go according to plan. But what happens next turns out to be the ultimate entrepreneurial journey: a tale of battles won and lost, lessons learned and neverending twists and turns—including an unlikely multi-billion-dollar acquisition by Facebook’s Mark Zuckerberg, which shakes up the landscape in Silicon Valley and gives Oculus the chance to forever change our reality. Drawing on over a hundred interviews with the key players driving this revolution, *The History of the Future* weaves together a rich, cinematic narrative that captures the breakthroughs, breakdowns and human drama of trying to change the world. The result is a super accessible and supremely entertaining look at the birth of a game-changing new industry.

## Read Free Evil Empire 101 Ways That England Ruined The World

The Arabian Nights (or One Thousand and One Nights) is a collection of stories compiled by various authors, translators and scholars from countries across the Middle East and South Asia. The tales trace their roots back to ancient Arabia and Yemen, ancient Indian literature and Persian literature, ancient Egyptian literature and Mesopotamian mythology, ancient Syria and Asia Minor, and medieval Arabic folk stories from the Caliphate era. Though the oldest Arabic manuscript dates from the fourteenth century, scholarship generally dates the collection's genesis to somewhere between AD 800-900.

### **From Jesus to Christ**

"Nearly two decades with the Bureau and Jess Harris took a rookie risk. Serial killer Eric Spears wasn't the only one obsessed. Jess's need to stop him prompted her to break the rules, ultimately ending her career. She landed back in her hometown of Birmingham, Alabama, as a deputy chief assigned to the new Special Problems Unit, a hybrid major crime division. There was just one problem: Eric Spears had followed her. There's only one way to end this- someone has to die. Eric Spears has finally been cornered, but the body count is still rising. Chief of Police Dan Burnett is on administrative leave, his life is falling apart. Deputy Chief Harold Black has assumed the post of Birmingham's top cop, a dream of his for more than a decade. Private Detective Buddy Corlew is poised face-to-face with one of the most

depraved serial killers in recent history and Jess Harris has just learned that everything she thought she knew about where she came from is a lie. Don't miss the shocking ending to this critically acclaimed best-selling series."--Back cover.

### **The Evil Empire**

The Sunday Times Top 10 bestseller on India's experience of British colonialism, by the internationally-acclaimed author and diplomat Shashi Tharoor 'Tharoor's impassioned polemic slices straight to the heart of the darkness that drives all empires laying bare the grim, and high, cost of the British Empire for its former subjects. An essential read' Financial Times In the eighteenth century, India's share of the world economy was as large as Europe's. By 1947, after two centuries of British rule, it had decreased six-fold. The Empire blew rebels from cannon, massacred unarmed protesters, entrenched institutionalised racism, and caused millions to die from starvation. British imperialism justified itself as enlightened despotism for the benefit of the governed, but Shashi Tharoor takes demolishes this position, demonstrating how every supposed imperial 'gift' - from the railways to the rule of law - was designed in Britain's interests alone. He goes on to show how Britain's Industrial Revolution was founded on India's deindustrialisation, and the destruction of its textile industry. In this bold and incisive reassessment of colonialism, Tharoor exposes to devastating effect the inglorious reality of Britain's stained Indian legacy.

### **Depraved**

Imperial Boredom offers a radical reconsideration of the British Empire during its heyday in the nineteenth century. Challenging the long-established view that the empire was about adventure and excitement, with heroic men and intrepid women eagerly spreading commerce and civilization around the globe, this thoroughly researched, engagingly written, and lavishly illustrated account suggests instead that boredom was central to the experience of empire. Combining individual stories of pain and perseverance with broader analysis, Professor Auerbach considers what it was actually like to sail to Australia, to serve as a soldier in South Africa, or to accompany a colonial official to the hill stations of India. He reveals that for numerous men and women, from explorers to governors, tourists to settlers, the Victorian Empire was dull and disappointing. Drawing on diaries, letters, memoirs, and travelogues, Imperial Boredom demonstrates that all across the empire, men and women found the landscapes monotonous, the physical and psychological distance from home debilitating, the routines of everyday life wearisome, and their work tedious and unfulfilling. The empire's early years may have been about wonder and marvel, but the Victorian Empire was a far less exciting project. Many books about the British Empire focus on what happened; this book concentrates on how people felt.

## **The British Empire: A Very Short Introduction**

The wait for The Mueller Report is over. This strikingly designed edition has been prepared by expert typographers – allowing for an optimised, immersive reading experience. "From the moment [the report] was published, two separate news universes took shape. In one, the special counsel's report was presented as a smoking-gun chronicle of high crimes and misdemeanours. In the other, it was heralded as a credibility-shredding blow to the president's opponents."—The Atlantic Make up your own mind. The Mueller Report is a must read political blockbuster.

## **Dune**

Cally was like any other teenage girl; she was smart, funny, caring, and beautiful. She loved going shopping with her mother, Kate, as well as beating her dad, Bill, at a game of basketball. Sure, she had her fair share of problems, like peer pressure and the occasional arguments with her parents--which usually led to being grounded. However, none of this could ever prepare her for the ultimate problem, an abusive boyfriend. Cally had been with her boyfriend, Ryan, for exactly one year. Nine months of that year was absolutely wonderful. They did everything together and were very much in love. However, the last three months were a pure

and living hell for Cally. Ryan had started drinking very heavily and had become mentally and physically abusive. The abuse was terrible for Cally; in only three months Ryan had busted her lip and had put bruises all over Cally's body. The abuse was getting worse by the day and Cally knew that she had to end the relationship soon. Cally still cared for Ryan, despite his cruel and abusive ways, but she knew that he was not going to change; he was too far gone. Cally had planned to break up with him on prom night, but as a fatal turn of events unfolds, Cally discovers that it's not so easy to escape from Ryan's grip.

### **Hitler's Willing Executioners**

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both
