Call to Freedom

Esperanza Rising (Scholastic Gold)

Call to Freedom

In "Letter from Birmingham Jail," Martin Luther King Jr. explains why blacks can no longer be victims of inequality.

Call to Freedom, Beginnings to 1914

The History of Pleasant Valley, New York

Esperanza Rising joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. She'd always have fancy dresses, a beautiful home filled with servants, and Mama, Papa, and Abuelita to care for her. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult

circumstances—because Mama's life, and her own, depend on it.

Children of Blood and Bone

What, to the Slave, Is the Fourth of July is one of Douglass' classics.

Call to Freedom

The ideal graduation gift for anyone about to enter the workforce, a witty, practical guide to 200 difficult professional conversations—featuring all-new advice from the creator of the popular website Ask a Manager and New York's work-advice columnist. There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Advance praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Clear and concise in its advice and expansive in its scope, Ask a Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)."—Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck

Democracy May Not Exist, but We'll Miss It When It's Gone

Ask a Manager

This enduring classic of educational thought offers teachers and parents deep, original insight into the nature of early learning. John Holt was the first to make clear that, for small children, "learning is as natural as breathing." In this delightful

yet profound book, he looks at how we learn to talk, to read, to count, and to reason, and how we can nurture and encourage these natural abilities in our children.”

The Americans

Involved: Writing for College, Writing for Your Self helps students to understand their college experience as a way of advancing their own personal concerns and to draw substance from their reading and writing assignments. By enabling students to understand what it is they are being asked to write{u2014}from basic to complex communications{u2014}and how they can go about fulfilling those tasks meaningfully and successfully, this book helps students to develop themselves in all the ways the university offers. This edition of the book has been adapted from the print edition, published in 1997 by Houghton Mifflin. Copyrighted materials{u2014}primarily images and examples within the text{u2014}have been removed from this edition. --

I Do Ever After

Harriet Tubman

A New York Times Notable Books of 2020 “[A] sweeping and authoritative history” (The New York Times Book Review), *Black Wave* is an unprecedented and ambitious examination of how the modern Middle East unraveled and why it started with the pivotal year of 1979. Kim Ghattas seamlessly weaves together history, geopolitics, and culture to deliver a gripping read of the largely unexplored story of the rivalry between Saudi Arabia and Iran, born from the sparks of the 1979 Iranian revolution and fueled by American policy. With vivid story-telling, extensive historical research and on-the-ground reporting, Ghattas dispels accepted truths about a region she calls home. She explores how Sunni Saudi Arabia and Shia Iran, once allies and twin pillars of US strategy in the region, became mortal enemies after 1979. She shows how they used and distorted religion in a competition that went well beyond geopolitics. Feeding intolerance, suppressing cultural expression, and encouraging sectarian violence from Egypt to Pakistan, the war for cultural supremacy led to Iran’s fatwa against author Salman Rushdie, the assassination of countless intellectuals, the birth of groups like Hezbollah in Lebanon, the September 11th terrorist attacks, and the rise of ISIS. Ghattas introduces us to a riveting cast of characters whose lives were upended by the geopolitical drama over four decades: from the Pakistani television anchor who defied her country’s dictator, to the Egyptian novelist thrown in jail for indecent writings all the way to the murder of journalist Jamal Khashoggi in the Saudi consulate in Istanbul in 2018. *Black Wave* is both an intimate and sweeping history of the region and will significantly alter perceptions of the Middle East.

Stride Toward Freedom

"[We need] a grassroots, bottom-up movement that understands the challenge in front of us, and then organizes against monopoly power in communities across this country. This book is a blueprint for that organizing. In these pages, you will learn how monopolies and oligopolies have taken over almost every aspect of American life, and you will also learn about what can be done to stop that trend before it is too late." —From the foreword by Bernie Sanders. A passionate attack on the monopolies that are throttling American democracy. Every facet of American life is being overtaken by big platform monopolists like Facebook, Google, and Bayer (which has merged with the former agricultural giant Monsanto), resulting in a greater concentration of wealth and power than we've seen since the Gilded Age. They are evolving into political entities that often have more influence than the actual government, bending state and federal legislatures to their will and even creating arbitration courts that circumvent the US justice system. How can we recover our freedom from these giants? Anti-corruption scholar and activist Zephyr Teachout has the answer: Break 'Em Up. This book is a clarion call for liberals and leftists looking to find a common cause. Teachout makes a compelling case that monopolies are the root cause of many of the issues that today's progressives care about; they drive economic inequality, harm the planet, limit the political power of average citizens, and historically-disenfranchised groups bear the brunt of their shameful and irresponsible business practices. In order to build a better future, we must eradicate monopolies from the private sector and create new safeguards that prevent new ones from seizing power. Through her expert analysis of monopolies in several sectors and their impact on courts, journalism, inequality, and politics, Teachout offers a concrete path toward thwarting these enemies of working Americans and reclaiming our democracy before it's too late.

Lifetime Health

Zelie Adebola remembers when the soil of Or sha hummed with magic. Burners ignited flames, Tiders beckoned waves, and Zelie s Reaper mother summoned forth souls. But everything changed the night magic disappeared. Under the orders of a ruthless king, maji were killed, leaving Zelie without a mother and her people without hope.

Freedom to Die

John Holt looks at the role that schooling in society plays in education.

Call to Freedom

"Listening to the story is even more dramatic than reading it. It should be purchased by every public and school library." -

School Library Journal

The Teen Years Explained

"Narrative of the Life of Frederick Douglass" is a memoir on abolition written by Frederick Douglass. It is held to be the most famous of a number of narratives written by former slaves during the 19th century. In factual detail, the text describes the events of his life and is considered to be one of the most influential pieces of literature to fuel the abolitionist movement of the early 19th century in the United States. Frederick Douglass (1818-1895) was an African-American social reformer, abolitionist, orator, writer, and statesman. After escaping from slavery in Maryland, he became a national leader of the abolitionist movement in Massachusetts and New York, gaining note for his dazzling oratory and incisive antislavery writings.

Coding Freedom

The strength of the right-to-die movement was underscored as early as 1991, when Derek Humphry published *Final Exit*, the movement's call to arms that inspired literally hundreds of thousands of Americans who wished to understand the concepts of assisted suicide and the right to die with dignity. Now Humphry has joined forces with attorney Mary Clement to write *Freedom to Die*, which places this civil rights story within the framework of American social history. More than a chronology of the movement, this book explores the inner motivations of an entire society. Reaching back to the years just after World War II, *Freedom to Die* explores the roots of the movement and answers the question: Why now, at the end of the twentieth century, has the right-to-die movement become part of the mainstream debate? In a reasoned voice, which stands out dramatically amid the vituperative clamoring of the religious right, the authors examine the potential dangers of assisted suicide - suggesting ways to avert the negative consequences of legalization - even as they argue why it should be legalized.

Long Walk to Freedom

Being healthy is much more than being physically fit and free from disease. Health is the state of well-being in which all of the components of health -- physical, emotional, social, mental, spiritual, and environmental -- are in balance. To be truly healthy, you must take care of all six components. - p. 11.

Freedom and Beyond

The classic story of nonviolent resistance in America—the Montgomery bus boycott—written by Martin Luther King, Jr. Dr. Martin Luther King, Jr.'s account of the first successful large-scale application of nonviolent resistance in America is comprehensive, revelatory, and intimate. King described his book as "the chronicle of 50,000 Negroes who took to heart the principles of nonviolence, who learned to fight for their rights with the weapon of love, and who, in the process, acquired a new estimate of their own human worth." It traces the phenomenal journey of a community, and shows how the twenty-six-year-old King, with his conviction for equality and nonviolence, helped transform the nation—and the world.

Black Wave

This quintessential middle grade biography of Harriet Tubman now features a cover by NAACP Image Award winner and Caldecott Honor illustrator Kadir Nelson, a foreword by National Book Award finalist Jason Reynolds, and additional new material. A selection of the Schomburg Center's Black Liberation Reading List. Harriet Tubman: Conductor on the Underground Railroad was praised by the New Yorker as "an evocative portrait," and by the Chicago Tribune as "superb." It is a gripping and accessible portrait of the heroic woman who guided more than 300 enslaved people to freedom. Harriet Tubman was born in slavery and dreamed of being free. She was willing to risk everything—including her own life—to see that dream come true. After her daring escape, Harriet became a conductor on the secret Underground Railroad, helping others make the dangerous journey to freedom. This award-winning introduction to the late abolitionist, which was named an ALA Notable Book and a New York Times Outstanding Book, includes additional educational back matter such as a timeline, discussion questions, and extension activities.

What, to the Slave, Is the Fourth of July

We idealize childhood and demonize adolescence, often viewing the typical teenager as a bundle of problems. Yet according to a new book, *The Teen Years Explained: A Guide to Healthy Adolescent Development*, by Clea McNeely, MPH, DrPH and Jayne Blanchard, adolescence can be a time of opportunity, not turmoil. By understanding the developmental stages and changes of adolescence, both teens and adults can get the most out of this second decade of life. In plain English, this guide incorporates the latest scientific findings about physical, emotional, cognitive, identity formation, sexual

and spiritual development with tips and strategies on how to use this information in real-life situations involving teens. Whether you have five minutes or five hours, you will find something useful in this book. This practical and colorful guide to healthy adolescent development is an essential resource for parents, teens, and all people who work with young people.

Books in Print Supplement

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Call to Freedom

What is democracy really? What do we mean when we use the term? And can it ever truly exist? Astra Taylor, hailed as a “New Civil Rights Leader” by the Los Angeles Times, provides surprising answers. There is no shortage of democracy, at least in name, and yet it is in crisis everywhere we look. From a cabal of plutocrats in the White House to gerrymandering and dark-money campaign contributions, it is clear that the principle of government by and for the people is not living up to its promise. The problems lie deeper than any one election cycle. As Astra Taylor demonstrates, real democracy—fully inclusive and completely egalitarian—has in fact never existed. In a tone that is both philosophical and anecdotal, weaving together history, theory, the stories of individuals, and interviews with such leading thinkers as Cornel West and Wendy Brown, Taylor invites us to reexamine the term. Is democracy a means or an end, a process or a set of desired outcomes? What if those outcomes, whatever they may be—peace, prosperity, equality, liberty, an engaged citizenry—can be achieved by non-democratic means? In what areas of life should democratic principles apply? If democracy means rule by the people, what does it mean to rule and who counts as the people? Democracy's inherent paradoxes often go unnamed and unrecognized. Exploring such questions, *Democracy May Not Exist* offers a better understanding of what is possible, what we want, why democracy is so hard to realize, and why it is worth striving for.

Call to Freedom

The History of Pleasant Valley, New York from before the town officially came into existence on January 26, 1821 to current

times. It contains over 200 photos of historic scenes from local streets and surrounding areas, the history of the railroads, schools, churches, hotel, and local organizations. It also includes lists of the internments in the Methodist and Quaker Cemeteries.

Biko - Cry Freedom

The God Delusion caused a sensation when it was published in 2006. Within weeks it became the most hotly debated topic, with Dawkins himself branded as either saint or sinner for presenting his hard-hitting, impassioned rebuttal of religion of all types. His argument could hardly be more topical. While Europe is becoming increasingly secularized, the rise of religious fundamentalism, whether in the Middle East or Middle America, is dramatically and dangerously dividing opinion around the world. In America, and elsewhere, a vigorous dispute between 'intelligent design' and Darwinism is seriously undermining and restricting the teaching of science. In many countries religious dogma from medieval times still serves to abuse basic human rights such as women's and gay rights. And all from a belief in a God whose existence lacks evidence of any kind. Dawkins attacks God in all his forms. He eviscerates the major arguments for religion and demonstrates the supreme improbability of a supreme being. He shows how religion fuels war, foments bigotry and abuses children. The God Delusion is a brilliantly argued, fascinating polemic that will be required reading for anyone interested in this most emotional and important subject.

Letter from the Birmingham Jail

Teaches U.S. history, employing the themes: geography; economics; government; citizenship; science, technology and society; culture; Constitutional heritage; and global relations.

Call to Freedom

Holt Call To Freedom

American Government

I Am David

Break 'Em Up

Who are computer hackers? What is free software? And what does the emergence of a community dedicated to the production of free and open source software--and to hacking as a technical, aesthetic, and moral project--reveal about the values of contemporary liberalism? Exploring the rise and political significance of the free and open source software (F/OSS) movement in the United States and Europe, Coding Freedom details the ethics behind hackers' devotion to F/OSS, the social codes that guide its production, and the political struggles through which hackers question the scope and direction of copyright and patent law. In telling the story of the F/OSS movement, the book unfolds a broader narrative involving computing, the politics of access, and intellectual property. E. Gabriella Coleman tracks the ways in which hackers collaborate and examines passionate manifestos, hacker humor, free software project governance, and festive hacker conferences. Looking at the ways that hackers sustain their productive freedom, Coleman shows that these activists, driven by a commitment to their work, reformulate key ideals including free speech, transparency, and meritocracy, and refuse restrictive intellectual protections. Coleman demonstrates how hacking, so often marginalized or misunderstood, sheds light on the continuing relevance of liberalism in online collaboration.

The God Delusion. 10th Anniversary Edition

Having escaped from the eastern European concentration camp where he has spent most of his life, twelve-year-old David struggles to cope with an entirely strange world as he flees northward to freedom in Denmark. Originally published as North to Freedom. An ALA Notable Book. Simultaneous.

Narrative of the Life of Frederick Douglass, an American Slave

The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate

triumph.

How Children Learn

Call to Freedom

Call to Freedom

A revised edition, this text presents a biography of the life and concerns of Steve Biko.

Passage to Freedom

Happily Ever After begins with a bang, saying "I do!" But along the way to ever after many who once professed so passionately "I do" soon experience a change of heart and slip down the slope of "I do not" and just can't anymore. What was once a titanium bond begins a slow crack to abandon. Keeping the magic alive is possible only when two partners are living heart 2 heart in marriage. With a down-to-earth style and refreshing perspective on how to keep a marriage thriving with meaning, adventure, and romance, Dr. Clarke provides sensible advice for keeping the heart of marriage beating strong and true. I Do Ever After is a hands-on marriage resource that will inspire the married couple to keep the dream of their happily ever after alive and well.
