Britta and Anna live at North Farm and Olaf and Kerstin live at South Farm. It is because the houses are right next door to each other in a clump as they liked to do these things in rural Sweden years ago, and because the because the children make so much racket that the farmhouses came to be so honestly and happily named. A large linden tree grows between Middle and South Farms and so the boys in the two houses visit each other by climbing through the branches--even the girls do it sometimes, like the night they all waited for Olaf to go to sleep so that they could pull out his loose tooth without his knowing it! That is only one of the many escapades designed to make readers young and old wish they could step right into the pages of this little book. Join the fun in this companion volume to The Children of Noisy Village (published by Viking Penguin). Illustrated with delightful line drawings by Ilon Wikland; translated by Florence Lamborn.

Pippi Goes on Board

THE LOST MASTERPIECE FROM ASTRID LINDGREN'S CHILDREN'S CLASSIC Pippi Moves In marks the first time that the legendary Pippi Longstocking comics by the famed children's author and creator Astrid Lindgren and Danish illustrator Ingrid Vang Nyman will be published outside of Scandinavia in thirty years, as well as their first ever publication in English. The outspoken strong-girl with the carrot-colored pigtails and the mismatched socks has enthralled generations of children the world over with her fabulous exploits at Villa Villekulla, where she lives with her horse and monkey. Countless translations of the chapter books are available in more than sixty languages. Pippi is Sweden's best-known children's export, making it all the more remarkable that D+Q has discovered what will be a three-volume series. The comics are re-imaginings of the classic chapter book stories and were originally published in the Swedish magazine Humpty Dumpty in 1957-1959, a decade after the original books. The comics spotlight both Lindgren's brilliant writing and Vang Nyman's bold bright colors that seem presciently and eerily modern. The original illustrator for the chapter books, Vang Nyman was an avant-garde champion of the importance of children's literature who insisted that art in children's books needed to meet the same esthetic standards as art in any other medium. Sadly Vang Nyman never achieved international success, and tragically committed suicide in 1959 due to mental health issues, while Lindgren went on to become one of the world's best-loved writers with more than 145 million books sold worldwide. Similar to D+Q's 2005 unearthing of the Tove Jansson's Moomin comic strip, which has more than 100,000 units in print, these mid-century classics are waiting to be discovered and enjoyed by the world's legions of Pippi fans, both young and old.
