### Jane Austen

Anne of Green Gables is a children's classic by Canadian author L. M. Montgomery and recently adapted by Netflix in the hit series Anne with an E. 11-year-old Anne is mistakenly sent away from her orphanage to live on Prince Edward Island with brother and sister Matthew and Marilla Cuthbert who need help on their farm. Wild and imaginative Anne learns to find her place in the little town of Avonlea, makes friends, and strives to be the best in school. A children and adults' favourite Anne's tale of is one of love, individuality, and (mis)adventures. Lucy Maud Montgomery (1874-1942) was a Canadian author. She is most famous for her novel 'Anne of Green Gables' that was an instant hit and became a series that is still enjoyed by children and parents the world over. She grew up on Prince Edward Island and was raised by her grandparents after her mother's early death. Much like her most famous character, Anne, Montgomery had a lonely childhood for which she found relief in the beautiful nature of Prince Edward and in her fierce imagination, which she very early on turned into writing. She's a canon of Canadian and children's literature with over twenty novels, and hundreds of short-stories, poems, and essays to her name.

### Ella Fitzgerald

Mary Henley Rubio has spent over two decades researching Montgomery's life, and has put together a comprehensive and penetrating picture of this Canadian literary icon, all set in rich social context. Extensive interviews with people who knew Montgomery - her son, maids, friends, relatives, all now deceased - are only part of the material gathered in a journey to understand Montgomery that took Rubio to Poland and the highlands of Scotland. From Montgomery's apparently idyllic

childhood in Prince Edward Island to her passion-filled adolescence and young adulthood, to her legal fights as world-famous author, to her shattering experiences with motherhood and as wife to a deeply troubled man, this fascinating, intimate narrative of her life will engage and delight. From the Hardcover edition.

'Emily's Quest' is the final tale in The Emily Starr Series, and tells the story of Emily being separated from her childhood sweetheart and agreeing to marry another man. This early work by L. M. Montgomery was originally published in 1927 and we are now republishing it with a brand new introductory biography. Lucy Maud Montgomery was born on 30th November 1874, New London, in the Canadian province of Prince Edward Island. Her mother, Clara Woolner (Macneil), died before Lucy reached the age of two and so she was raised by her maternal grandparents in a family of wealthy Scottish immigrants. In 1908 Montgomery produced her first full-length novel, titled 'Anne of Green Gables'. It was an instant success, and following it up with several sequels, Montgomery became a regular on the best-seller list and an international household name. Montgomery died in Toronto on 24th April 1942.

## **Rainbow Valley**

For the first time ever, a young novel about the teen years of L.M. Montgomery, the author who brought us ANNE OF GREEN GABLES. Fourteen-year-old Lucy Maud Montgomery -- Maud to her friends -- has a dream: to go to college and become a writer, just like her idol, Louisa May Alcott. But living with her grandparents on Prince Edward Island, she worries that this dream will never come true. Her grandfather has strong opinions about a woman's place in the world, and they do not include spending good money on college. Luckily, she has a teacher to believe in her, and good friends to support her, including Nate, the Baptist minister's stepson and the smartest boy in the class. If only he weren't a Baptist; her Presbyterian grandparents would never approve. Then again, Maud isn't sure she wants to settle down with a boy -- her dreams of being a writer are much more important. But life changes for Maud when she goes out West to live with her father and his new wife and daughter. Her new home offers her another chance at love, as well as attending school, but tensions increase as Maud discovers her stepmother's plans for her, which threaten Maud's future -- and her happiness forever.

## **Georgia O'Keeffe**

An affecting biography of the author of Anne of Green Gables is the first for young readers to include revelations about her last days and to encompass the complexity of a brilliant and sometimes troubled life. Once upon a time, there was a girl

named Maud who adored stories. When she was fourteen years old, Maud wrote in her journal, "I love books. I hope when I grow up to be able to have lots of them." Not only did Maud grow up to own lots of books, she wrote twenty-four of them herself as L. M. Montgomery, the world-renowned author of Anne of Green Gables. For many years, not a great deal was known about Maud's personal life. Her childhood was spent with strict, undemonstrative grandparents, and her reflections on writing, her lifelong struggles with anxiety and depression, her "year of mad passion," and her difficult married life remained locked away, buried deep within her unpublished personal journals. Through this revealing and deeply moving biography, kindred spirits of all ages who, like Maud, never gave up "the substance of things hoped for" will be captivated anew by the words of this remarkable woman.

Reproduction of the original: Lucy Maud Montgomery Short Stories, 1904 by Lucy Maud Montgomery

### The L.M. Montgomery Reader

Emily of New Moon is the first in a series of novels by Lucy Maud Montgomery about an orphan girl growing up on Prince Edward Island. It is similar to the author's Anne of Green Gables series. It was first published in 1923.

### Further Chronicles of Avonlea

By any standards, Lucy Maud Montgomery's Anne of Green Gables is a stunning success. Published in 1908 (and not once out of print), Anne has sold more than 50 million copies, been translated into more than 17 languages (including Braille), and become the focus of international conferences devoted to its interpretation. Anne has remained, as Matthew sings in the musical, "forever young," no small feat for the spunky, in-your-face redhead who, in 2008, celebrates her 100th birthday! But why Anne? How does Montgomery's classic work pull so many international readers into the vortex of Anne's freckled face and carrotty braids? How does this little book create such enduring interest around the world? The answer is far more intriguing than any story even Anne could have imagined. In her journal, Maud's quick pen would froth up the tiniest details of her life into dramatic events, but that same pen never revealed a single word about Anne. As a result, the novel's secrets have remained sealed for over a century. Looking for Anne is the untold story of a literary classic and a writer who found inspiration in many places including the popular images of the era, such as beauty icons, fashion plates, and advertisements; a writer who quietly quarried her material from American mass market periodicals; who consciously imitated formula fiction to create marketable stories for juvenile periodicals, religious newspapers, and glamorous women's magazines—and who ultimately, in the storm that brewed up the novel, also transcended these influences to create a twentieth-century literary classic that would conquer the world. Blending biography with cultural history, penetrating and uncensored, this is the definitive book on Anne of Green Gables. Looking for Anne captures both the spirit of Marilla's critical probing for "bald facts" and Anne's belief in the infinite power of the imagination. It is a must-read for anyone who has ever fallen under the spell of Anne with an "e." Praise for Looking for Anne: Looking for Anne takes a bold new look at Anne of Green Gables. If you have loved Anne of Green Gables and wonder how she came about, I recommend that you read Irene Gammel's book. The L.M. Montgomery Reader assembles significant rediscovered primary material on one of Canada's most enduringly popular authors throughout her high-profile career and after her death. Each of its three volumes gathers pieces published all over the world to set the stage for a much-needed reassessment of Montgomery's literary reputation. Much of the material is freshly unearthed from archives and digital collections and has never before been published in book form. The selections appearing in this first volume focus on Montgomery's role as a public celebrity and author of the resoundingly successful *Anne of Green Gables* (1908). They give a strong impression of her as a writer and cultural critic as she discusses a range of topics with wit, wisdom, and humour, including the natural landscape of Prince Edward Island, her wide readership, anxieties about modernity, and the continued relevance of "old ideals." These essays and interviews, joined by a number of additional pieces that discuss her work's literary and cultural value in relation to an emerging canon of Canadian literature, make up nearly one hundred selections in all. Each volume is accompanied by an extensive introduction and detailed commentary by leading Montgomery scholar Benjamin Lefebvre that trace the interplay between the author and the critic, as well as between the private and the public Montgomery. This volume - and the Reader as a whole - adds tremendously to our understanding and appreciation of Montgomery's legacy as a Canadian author and as a literary celebrity both during and beyond her lifetime.

"I've thought of something amusing for the winter," I said as we drew into a half-circle around the glorious wood-fire in Uncle Alec's kitchen. It had been a day of wild November wind, closing down into a wet, eerie twilight. Outside, the wind was shrilling at the windows and around the eaves, and the rain was playing on the roof. The old willow at the gate was writhing in the storm and the orchard was a place of weird music, born of all the tears and fears that haunt the halls of night. But little we cared for the gloom and the loneliness of the outside world; we kept them at bay with the light of the fire and the laughter of our young lips. We had been having a splendid game of Blind-Man's Buff. That is, it had been splendid at first; but later the fun went out of it because we found that Peter was, of malice prepense, allowing himself to be caught too easily, in order that he might have the pleasure of catching Felicity-which he never failed to do, no matter how tightly his eyes were bound. What remarkable goose said that love is blind? Love can see through five folds of closely-woven muffler with ease! "I'm getting tired," said Cecily, whose breath was coming rather quickly and whose pale cheeks had bloomed into scarlet. "Let's sit down and get the Story Girl to tell us a story." But as we dropped into our places the Story Girl shot a significant glance at me which intimated that this was the psychological moment for introducing the scheme she and I had been secretly developing for some days. It was really the Story Girl's idea and none of mine. But she had insisted that I should make the suggestion as coming wholly from myself.

## **Anne of Green Gables**

THE house in the hollow was "a mile from anywhere"-so Maywood people said. It was situated in a grassy little dale, looking as if it had never been built like other houses but had grown up there like a big, brown mushroom. It was reached by a long, green lane and almost hidden from view by an encircling growth of young birches. No other house could be seen from it

although the village was just over the hill. Ellen Greene said it was the loneliest place in the world and vowed that she wouldn't stay there a day if it wasn't that she pitied the child. Emily didn't know she was being pitied and didn't know what loneliness meant. She had plenty of company. There was Father-and Mike-and Saucy Sal. The Wind Woman was always around; and there were the trees-Adam-and-Eve, and the Rooster Pine, and all the friendly lady-birches. And there was "the flash," too. She never knew when it might come, and the possibility of it kept her a-thrill and expectant. Emily had slipped away in the chilly twilight for a walk. She remembered that walk very vividly all her life-perhaps because of a certain eerie beauty that was in it-perhaps because "the flash" came for the first time in weeks-more likely because of what happened after she came back from it.

THE house in the hollow was "a mile from anywhere"-so Maywood people said. It was situated in a grassy little dale, looking as if it had never been built like other houses but had grown up there like a big, brown mushroom. It was reached by a long, green lane and almost hidden from view by an encircling growth of young birches. No other house could be seen from it although the village was just over the hill. Ellen Greene said it was the loneliest place in the world and vowed that she wouldn't stay there a day if it wasn't that she pitied the child. Emily didn't know she was being pitied and didn't know what loneliness meant. She had plenty of company. There was Father-and Mike-and Saucy Sal. The Wind Woman was always around; and there were the trees-Adam-and-Eve, and the Rooster Pine, and all the friendly lady-birches. And there was "the flash," too. She never knew when it might come, and the possibility of it kept her a thrill and expectant. Emily had slipped away in the chilly twilight for a walk. She remembered that walk very vividly all her life-perhaps because of a certain eerie beauty that was in it-perhaps because "the flash" came for the first time in weeks-more likely because of what happened after she came back from it. It had been a dull, cold day in early May, threatening to rain but never raining. Father had lain on the sitting-room lounge all day. He had coughed a good deal and he had not talked much to Emily, which was a very unusual thing for him. Most of the time he lay with his hands clasped under his head and his large, sunken, dark-blue eyes fixed dreamily and unseeingly on the cloudy sky that was visible between the boughs of the two big spruces in the front yard-Adam-and-Eve, they always called those spruces, because of a whimsical resemblance Emily had traced between their position, with reference to a small apple-tree between them, and that of Adam and Eve and the Tree of Knowledge in an old-fashioned picture in one of Ellen Greene's books. The Tree of Knowledge looked exactly like the squat little apple-tree, and Adam and Eve stood up on either side as stiffly and rigidly as did the spruces. Emily wondered what Father was thinking of, but she never bothered him with questions when his cough was bad. She only wished she had somebody to talk to. Ellen Greene wouldn't talk that day either. She did nothing but grunt, and grunts meant that Ellen was disturbed about something. She had grunted last night after the doctor had whispered to her in the kitchen, and she had grunted when she gave Emily a bedtime snack of bread and molasses. Emily did not like bread and molasses, but she ate it because she did not want to hurt Ellen's feelings. It was not often that Ellen allowed her anything to eat before going to bed, and when she did it meant that for some reason or other she wanted to confer a special favor.
