Red Money

Everyone has had luminous moments — those instances when we experience the beauty and grace of life, whether we're looking into the eyes of a newborn or watching the sun set over the ocean. But those moments are usually brief and difficult to consciously create. Many of us have been successful in attaining personal and professional goals, but we're too exhausted to enjoy what we've accomplished. Or we might walk around in a fog, feeling vaguely frustrated, resigned, or cynical and asking all the wrong questions about how to make our lives better. In either case, we miss the purpose of being alive: to wake up and fully become ourselves, to allow others to contribute to us and, in turn, to contribute our gifts to the world — fully savoring the journey along the way. This fascinating new book gives us specific methods for bringing luminosity into our lives on a consistent basis, allowing us to view the world with much younger, more vibrant eyes. Mastering Life's Energies shows us how to use all the energies of our lives — physical vitality, creativity, time, money, enjoyment, and relationship — to realize our goals and dreams and, even more important, live a luminous life, filled with possibility and promise.

Anyone can start a business. The trick is growing one that you can sell, if you choose to. Growing a business into a money machine could mean a comfortable retirement or becoming rich. Having a clear vision of where you are and where you want to go will give you clarity on how you run your business and ultimately how you live your life. The Aloha Money Machine is inspired by the story of one man who achieved success repeatedly in Hawaii. Following the steps of the Aloha Money Machine will put you on the path to financial freedom.

How to Think about Money

As evil runs rampant in America and the rest of the world waves of fear and dishonesty are sweeping over us causing us to not know who to trust. Friends are turning against friends, neighbors against neighbors, and family against family. What we need are sweat drops of mercy for an eternal living God to cover our lives and give us peace for today and hope for tomorrow. The poems in this book were written to encourage us to remember that there is a "Holy God" who loves us, has a plan for us, and walks with us through the fire. Our American heritage is based on this foundation. As life-changing topics of our day loom before us, they have been discussed here through the eyes of hope in our Lord and Savior, Jesus Christ, looking to that glorious day when the trumpet will sound and we will then be with Him in Glory forever. Wounded warriors, 9-11, respect for our President, even our National Anthem are being called into question. As each topic is discussed it is with the realization that these "Moments of Mercy" need a direct touch of mercy from a high and holy God. How do you view these issues of the day? Be the one who nurtures and builds. Be the one who has an understanding and forgiving heart. Be the one who looks for the best in people. Leave people better than you found them. Take a stand for TRUTH before it is too late. "I am the way, the TRUTH, and the life. No man comes to the Father but by me." John 14:6 KJV

Deep inner peace doesn't depend on circumstances. It doesn't depend on how much money you have in the bank, how much insurance you have, or what you own. It doesn't depend on anything that happens in the world. Instead, you find it by practicing simple cues that lead to a clear quiet mind. Therefore, inner peace is always available. In this book, I show you how to find your clear quiet mind in four simple steps. These steps transform moments of anxiety into excitement, anger into love, judgment into acceptance, depression into inspiration, doubt into confidence, and fear into faith. The deep inner peace of a clear quiet mind improves focus and decision-making; helps you communicate more effectively and resolve conflicts more easily; reduces stress and fatigue; boosts energy and resilience; and empowers you with intuitive insight about "who you are" and "what you are here to do," so you can achieve your goals! You can do this-and I'll guide you every step of the way. As you follow the steps of The Clear Quiet Mind Process, I think you'll be surprised and even amazed at what you discover about yourself. Are you ready to experience a clear quiet mind?

You Don't Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal

finance book? YES. The outdated status quo advice of "Save 10% for 40+ years" simply doesn't work. It's time to rethink the conventional wisdom that only serves to continue the vicious cycle of wage slavery and the "live to work" mentality. In an age of globalization and abundance, I'm here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a rapid snowball effect that will make your money work for you immediately, so you can afford time off of work or even retire in your 30's. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20's and looking for sound advice to get started, or you're later in your career and haven't really thought about financial freedom, it's not too late to start! Once you put these systems in place, financial independence will no longer be a lifelong battle. Ditch the 40-year plan and live the life you want to live. Get started today! BONUS MATERIAL INCLUDED I'm also excited to share FREE bonus material that highlights "27 Ways I Slashed My Budget By \$1818 Per Month." A link to the free PDF is included in the book! Adhering to the strategies in this book and in the free bonus guide will grow your net worth by thousands in the first year and hundreds of thousands over your lifetime! What are you waiting for? Book Praise & Reviews ""As a how-to guide, this book contains everything you may need to know to turn your passions into profits."" Bill Bartmann (Billionaire entrepreneur, author, speaker, educator) Read & Give Program A portion of the sale of this book is donated to charity. Book Description Are you unhappy in your job? Are you tired of living paycheck to paycheck and feel like you just don't have enough money, skills, or education to turn your life around? Even if you're not sure you know what it is you like to do, you can change your life and get rich doing it, says entrepreneur Duane Harden in his wise and entertaining new book, 5 Easy Steps to Financial Freedom: Do What You Love & Get Rich Doing It. Turning your passion into a profitable business is easy, fast, and fun, says Harden, and you can become rich in just five easy steps. First, start by

saying yes to financial freedom. Attitude is everything and as the Law of Attraction states, what you put out into the universe is often what you attract. If you imagine yourself financially secure and happy, you will be. Imagining a new life for yourself is the inspiration you need to go out and do the concrete things to turn your dreams into a reality. Conversationally written and filled with humorous drawings, helpful worksheets, and key tips, 5 Easy Steps to Financial Freedom also offers a 90-day action plan that includes blueprints for success that Harden himself used to build his wealth. His own journey included the purchase of numerous real-estate properties, opening a restaurant, starting a music company, and much more. Harden gives you "Life Assignments" that get you thinking and acting differently. Beware of what he calls the "crabs in a pot" mentality, where everyone is trying to pull everyone else down in order to struggle to the top. Instead, he advises, think positively. Stay away from the naysayers and feed your dream. Soon you will realize that your inner life is reflected in your outer life. Harden helps you to discover the real you, what you want, and how much money you want to be there for you now and in the future. He explains how the real difference between rich people and poor people is fear and an unwillingness to keep an open mind to new opportunities. Rich people are not afraid to take risks, and well-planned risks almost always pay off. Success, he reminds you, is your birthright and it's your job to claim it. Review your credit and your financial house. Clean up the clutter in your life, whether it is the wrong way of thinking or a messy desk. Discover what really makes you tick because when you love what you do it's never really work, and when passion is present the money will miraculously follow. Keep daily positive reminders taped where you can see them, or even have a vision board filled with photographs of where you want to be in life. Write your resignation letter to your boss, but don't send it yet. Just the act of writing it puts you in the right frame of mind for moving on to something much better. "You are what you think and will become what you dream," says Harden. You'll learn to be a PIG (passive income generator) Farmer, which requires little work but makes you tons of money. 5 Easy Steps to Financial Freedom shows you how go from rags to riches and is understandable and easy to read. This invaluable guide will change your life!

The Aloha Money Machine

Did you know that by adding a few simple steps to your selling process you could achieve sales you only dreamt of in the past? GoodbyeSellingProblems.com provides a 12 step system that you, as a business owner, or you, as a sales manager, can implement in less than a day and dramatically increase your results. Your sales efforts become much more productive and less stressful. It provides a framework for small businesses to structure their sales process. It strips away all the "fluff" and confusion that you encounter with most expensive sales training courses. The simple 12 step system provides a "nuts and bolts" approach to selling. It allows you to enter every sales situation with a purpose for closing the sale and gets you away from the deadly "sales visit" dilemma that most business owners and sales professionals fall into. In a just a few hours, you can literally gather the information that system introduces you to and make the most powerful sales presentation your company has ever encountered. When this system becomes part of your selling culture, it will provide you with improved sales, greater margins, and eliminate the competition. Author, Buzz Glover, after quietly reviewing and critiquing the sales people that called on him in his own businesses for over 15 years, became disillusioned with the fact that the great majority of salespeople were ill-prepared to sell their products or services. He knew that if he could introduce them to a system that he had developed and refined as a salesperson (and later as a sales manager), they could easily become much more effective at closing more sales faster! The system became a reality when he wrote this book as a companion to his system's website, www.goodbyesellingproblems.com. Through this sales system he is confident that he can change the way small businesses sell and make fundamental cultural changes in their approach to marketing their products and services.

Are you living your richest, gutsiest, juiciest life? Do you feel all the exquisite bliss and sweetness you can imagine? If not-if you aren't experiencing the abundance and personal freedom you crave; if you're not vitally and deeply connected with your loved ones; if you're unable to attract and maintain a soul-nurturing, awe-inspiring, passionate primary relationship-it can only mean one thing. You are not expressing the full truth of who you are. Well, it's time to change that! Juicy Joy is a streamlined path to radical authenticity and the ability to flat-out adore that precious, imperfectly perfect you. Living juicy-joyfully is not a matter of adding anything to yourself. It's simply a matter of shedding the limitations that separate you from your true core being-the limitations that trap you in the numbness and detachment that have become distressingly "normal" in our culture. Wouldn't it feel amazing to trust your instincts and fearlessly act on them? Isn't it time to gain

mastery over your experience of life, shed victimhood, and learn to honor the voice within you that always, unfailingly leads you to your greatest joy and highest truth? Juicy Joy is an invitation to a bigger life-a deeper, richer, more rewarding existence. And it will launch you into an enduring love affair with your glorious, genuine self!

Money Moments

There are those who think the goal of investing is to beat the market and amass as much wealth as possible, that street smarts and hard work ensure investment success, and that the road to happiness is paved with more of everything. And then there are those who get it. Want a more prosperous, less stressful financial life? Jonathan Clements, longtime personal finance columnist for The Wall Street Journal, is here to help. His goal: to provide readers with a coherent way to think about their finances, so they worry less about money, make smarter financial choices and squeeze more happiness out of the dollars that they have. How to Think About Money is built around five key ideas: Money can buy happiness, but we need

to spend with great care. Most of us will enjoy an extraordinarily long life--and that has profound financial implications. We are hardwired for financial failure, so sensible money management takes great mental strength. We need to bring order to our financial life--by focusing on our paycheck, or lack thereof. If we want to add to our wealth, we should strive to minimize the subtractions."Now why didn't I think of that? That's what you'll ask yourself after you read Jonathan Clements's fine new book. Its beauty lies in the commonsense and wisdom that is summed up in just five simple steps that will help you to earn your financial independence. Easy to understand, essential to follow."--John C. Bogle, founder, The Vanguard Group"Jonathan Clements brings his intelligence, insight and commonsense to How to Think About Money, which is packed with wisdom and great guidance. Read it and reap the rewards in the years and decades ahead."--Eric Tyson, author of Personal Finance for Dummies and Investing for Dummies "How to Think About Money is financial feng shui --a blueprint for harmonizing all the aspects of personal finance into a balanced way of approaching and managing money. I found myself measuring my own attitudes and beliefs against the yardsticks in Jonathan Clements's book, and was pleased to find that we're on the same page. Anyone who feels overwhelmed by the challenges of today's world can benefit from Clements's advice on how to make smart financial choices, as well as how to develop, in his words, a 'coherent way to think about their financial life'."--Janet Bodnar, editor, Kiplinger's Personal Finance magazine"Concise, important and true. Jonathan Clements provides you a path not just to better finances, but to a better life."--Terry Burnham, finance professor, Chapman University, and author of Mean Markets and Lizard Brains"Jonathan Clements writes so well and thinks so clearly that even financial planning, saving, and wise decisions are almost fun to think through with him as our guide."--Charles Ellis, author of Winning the Loser's Game"In How to Think About Money, Jonathan Clements, one of the premier financial writers of our times, provides readers with a roadmap for a successful financial life. It's an easy read that can result in changing the way readers look at investing and life. Read it and reap."--Mel Lindauer, Forbes.com columnist and co-author of The Bogleheads' Guide to Investing and The Bogleheads' Guide to Retirement Planning"Jonathan Clements is one of the greatest financial consumer advocates of our time, not only because of his emphasis on a practical and commonsense approach to personal finance, but because his message is delivered in a welcoming, easy-to-understand manner. That approach moves his readers to take the most important step toward winning in the personal-finance world--taking ownership of one's financial life and following that with action."--Peter Mallouk, president of Creative Planning and author of The 5 Mistakes Every Investor Makes and How to Avoid Them

Maiwa's Revenge

"I recommend this book highly as one of the 10 most important 'must read' books published this year," Robert Plotkin, Founding President, World Trade Center San Diego. "Three Steps to Wealth & Financial Security – All That Glitters Isn't Gold" is a back to basics, easy to use guide to reassert financial control and secure your financial future. The book draws on real world examples that husband-and-wife authors attorney Gary Laturno, Esq. and Victoria Kuick, MBA, have encountered in counseling over two thousand homeowners in financial distress since 2007. As a result, the book will be an easy read for people who find financial matters confusing or even frightening. The authors' straightforward guidance and recommendations will help many take charge of their financial futures. Comments by Readers: I read your book last night. I'm incredibly impressed! It's a huge undertaking to present an enormous wealth of REALLY important and helpful information in a streamlined way...but you guys did it! And, I think your readers will really appreciate the genuine tone and straightforward approach—life changing stuff. Great job! I see this book distributed in high schools, colleges (law schools particularly—some lawyers are not great when it comes to financial matters), vocational schools, and the like. I hope you're aiming to reach the masses with this one—the subject matter is so salient right now, and this information is really resonating with people. Jennifer Manganello, Esq., University of California, Hastings College of the Law I just finished reading your book. Outstanding! I love the unique way it was written in PowerPoint format—original, straightforward, and easy to follow. The information the book contains, and how it is explained, makes it stand out. You do not allow the reader to blame others or make excuses about their financial situation. You tell them to look in the mirror, take responsibility, and you show them that money problems are not hopeless but fixable. The stock and real estate investing sections are informative and easy to understand. You take the complexity out of stock market investing. You show real estate investors the pitfalls to avoid. Readers will especially benefit from how you compare and contrast real estate investing with the stock market and

other investments — bonds, precious metals and cash. It's evident the book was written from firsthand experience, making it truly authentic. I am impressed both by your credentials and your experience counseling over 2,000 homeowners in financial distress since 2007. This book cuts to the core of what people need to know and do to put their financial house in order. I highly recommend your book! Read it and you will substantially increase your financial I.Q. Dory Laramore, Certified Registered Tax Preparer, and author of *Get Your Finances Right: The Foundation for Success "Three Steps to Wealth & Financial Security"* is well written, concise and provides a wealth of financial advice for every American. The authors ask and answer a number of profound questions. What are the lessons of the housing crisis? Why are savings rates in the United States so low? Why do so many retire on Social Security only? Why do so many mismanage their financial affairs? How do we put our financial house in order? What do we need to know and do to be financially secure? Understand the mistakes that so many made and continue to make. Fine tune your financial plan and money management skills. Recommendation: Read the book! Money management, financial planning, and wealth building are mandatory subjects not electives. Andrew J. Sussman, Esq., Partner, RSR Law Group, San Diego, California

Avoid sleep programs that leave you frazzled almost before you begin, and full of useless information that wastes your time and money. Let "The Baby Sleep Coach Book" introduce you to the NEW idea of sleep coaching. Do you sincerely want to see your baby sleeping peacefully through the night, EVERY night? In this book, I'm going to show you how starting tonight, you can be on your way to connecting with your baby in a way that is not hindered by feelings of hopelessness, despair, and guilt for not being a good parent! I'll show you how starting tonight, you can restore peace to your home and finally enjoy your little one the way you'd love to do just by "coaching" your baby to reliably fall asleep on their own and sleep through the night.
