### Car and Driver

A blended learning approach to automotive engineering at levels one to three. Produced alongside the ATT online learning resources, this textbook covers all the theory and technology sections that students need to learn in order to pass levels 1, 2 and 3 automotive courses. It is recommended by the Institute of the Motor Industry and is also ideal for exams run by other awarding bodies. Unlike the current textbooks on the market though, this title takes a blended learning approach, using interactive features that make learning more enjoyable as well as more effective. When linked with the ATT online resources it provides a comprehensive package that includes activities, video footage, assessments and further reading. Information and activities are set out in sequence so as to meet teacher and learner needs as well as qualification requirements. Tom Denton is the leading UK automotive author with a teaching career spanning lecturer to head of automotive engineering in a large college. His nine automotive textbooks published since 1995 are bestsellers and led to his authoring of the Automotive Technician Training multimedia system that is in common use in the UK, USA and several other countries.

Garden Alchemy is a hands-on guide for do-it-yourself gardeners who want to turn their garden into gold using natural recipes and herbal concoctions (while saving both time and money!). This gardening recipe and project book is packed with over 80 ideas to naturally beautify your garden, using organic methods that regenerate your soil and revitalize your plants. By following the processes that are closest to nature, it brings the gardener in sync with the garden, allowing plants to thrive with less effort and less cost. Recipes for mixing your own potting soils and homemade organic fertilizers give you the freedom to choose what ingredients make their way into your garden. Step-by-step instructions for building a compost pile, concocting soil tests, and constructing inexpensive DIY seed-starting equipment are accompanied by gorgeous, full-color, step-by-step photography. You'll also find recipes for natural pest deterrents and traps, garden teas, and growth-boosting foliar sprays to help your garden grow strong all season long. Garden Alchemy starts with home experiments to help you get to know your soil and customize recipes for your individual needs. The rest of the chapters share how to decipher and combine natural ingredients to make the best quality amendments and elixirs. Detailed descriptions of earth-based materials demystify common ingredients, such as mycorrhizae, biochar, and greensand, and help you learn how to fix common garden problems with minimal effort. The simple method of making use of what you have available supports plants better than brand-name products. Dozens of recipes and projects include: Homemade seed bombs, disks, and tapes Granular and liquid natural fertilizer recipes DIY rooting hormone Herbal anti-fungal spray Plant propagation instructions Soil care recipes to adjust the pH and manage fertility 13 specialty potting mixes 7 clever traps for common garden pests Written by Stephanie Rose, the creative gardener, permaculturist, and herbalist behind the popular website Garden Therapy, this fun and beautifully illustrated book is packed with great ideas and inspiration for DIY gardeners who want to embrace their creativity and have more control of the garden's care.

Maker Comics is the ultimate DIY guide. Inside this graphic novel you'll find

illustrated instructions for ten car repair activities! Lena, Mason, Abner, Rocky, and Esther only have one thing in common: They're crazy about cars. A few of them already have their driver's licenses. And even though Rocky and Esther are too young to drive, they still have a lot questions. In Car Club, Ms. Gritt has all the answers. When is the best time to check the oil? How do you change a tire? And why is Mason's car making that squeaky noise? Before you get behind the wheel, learn what's going on underneath the hood. Follow along as Ms. Gritt covers all the basics of preventative maintenance and roadside repairs. Colorful diagrams illustrate the inner workings of complex parts and systems. With *Maker Comics: Fix a Car!* you can keep your automobile in tip-top shape! Follow the easy step-by-step instructions and you can:

- Create a portable tool kit
- Check the oil and fluid levels
- Maintain the battery
- Replace the windshield wipers
- Replace a drive belt or pulley
- Change the oil
- Change a flat tire
- Wash and detail a car (and add a racing stripe!)
- Change a taillight bulb
- Jump-start a car

*Auto Repair For Dummies*, 2nd Edition (9781119543619) was previously published as *Auto Repair For Dummies*, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated. Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding

coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

A USA Today Bestseller "Immersive, satisfying, tense--and timely: This is probably happening for real right now."--Lee Child "First-rateSlick, heart-hammering entertainment."--The New York Times Book Review On an early morning in November, a couple boards a private plane bound for Geneva, flying into a storm. Soon after, it simply drops off the radar, and its wreckage is later uncovered in the Alps. Among the disappeared is Matthew Werner, a banking insider at Swiss United, a powerful offshore bank. His young widow, Annabel, is left grappling with the secrets he left behind, including an encrypted laptop and a shady client list. As she begins a desperate search for answers, she determines that Matthew's death was no accident, and that she is now in the crosshairs of his powerful enemies. Meanwhile, ambitious society journalist Marina Tourneau has finally landed at the

top. Now that she's engaged to Grant Ellis, she will stop writing about powerful families and finally be a part of one. Her entry into the upper echelons of New York's social scene is more appealing than any article could ever be, but, after the death of her mentor, she agrees to dig into one more story. While looking into Swiss United, Marina uncovers information that implicates some of the most powerful men in the financial world, including a few who are too close to home. The story could also be the answer to Annabel's heartbreaking search--if Marina chooses to publish it. *The Banker's Wife* is both a high-stakes thriller and an inside look at the personal lives in the intriguing world of finance, introducing Cristina Alger as a powerful new voice in the genre.
