Foundation of Information Technology is a judiciously developed series of textbooks on the syllabus devised by the Central Board of Secondary Education for classes 9 and 10. Keeping in mind the grasping power of the students, the books focus on the relevant theory and its applications and practical learning through sequential steps, rather than the elaborate textual study for chapters. Each book is divided into chapters that are self-explanatory and encompass the relevant concepts of the topic concerned. The books do not contain any repetitive content and hence are crisp and condensed. The exercises at the end of the chapters call for active and attentive participation of the learners thereby testing their knowledge and helping in self-assessment. The CCE format of the questions appearing in CBSE exam papers has been followed in developing exercises in the

book. There are separate books on MS Office 2010 and OpenOffice in class 9.

On 21 May 1991, journalist Neena Gopal had finished just one part of an interview with Rajiv Gandhi—the last of his life—when his car reached the election rally at Sriperumbudur. Moments later, Rajiv Gandhi was dead, blown up by suicide bomber Dhanu, irrevocably changing the course of Indian politics, as Neena Gopal, just yards behind him, watched in horror. In this gripping, definitive book, Gopal reconstructs the chain of events in India and at the LTTE's headquarters in Sri Lanka where the assassination plot was hatched, and follows the trail of investigation that led to the assassins being brought to justice. Drawing on extensive interviews, research and her own vast experience as a journalist, she deftly establishes the background—the shortsightedness of India's Sri Lanka policy; the friction between the intelligence agencies and between the agencies and the external affairs ministry; the many warnings that went unheeded; and the implacable hatred that LTTE supremo Prabhakaran felt for Rajiv Gandhi. Bringing

all these complex threads together, Gopal takes us step by step to Sriperumbudur as Rajiv Gandhi walked inexorably to his death on that tragic May evening twenty-five years ago.

Mega Objective General Knowledge

Sophie and Matteo are young and in love, sharing a dissatisfaction with their bourgeois Italian upbringing. Naturally, like so many other young Westerners in the sixties and seventies, they go to India. But the realities of life in an ashram ignite their differences; Sophie wants to be a tourist and go to Goa and eat shrimp, which Matteo scorns, seeking the 'real' India. Pragmatic Sophie is disillusioned by the hardships they encounter, while her husband, who yearns for spiritual fulfillment, sees only the purity of ascetic life, leading him to Mother, a charismatic guru. Trying to reclaim an ailing Matteo, Sophie embarks on a new journey in search for a different truth; that of Mother's mysterious past. Soon, she finds that the immortal has a history of her own; born in Cairo, she was once Laila, a dancer who toured the world before coming to Bombay to search for 'divine love'. What each of the three people discover, on their individual quests, is at its heart that ancient truth: that wisdom is found in the journey itself. A stirring, profound exploration of emotional exile, of sacred and profane loves, Journey to Ithaca is a masterful novel.

Delhi Subordinate Services Selection Board (DSSSB) is a government organization that recruits highly skilled, competent, and capable individuals to fill up various

positions in the Delhi Government and administration. It was established to celebrate 50 years of Indian Independence with immense pride and honor. Since then, the institution has been a symbol of our glory days. It is an excellent opportunity for youngsters to build up a stable career and make their way in the government sector. Though, there was a time when everyone wanted a government job and was even ready to quit their current job. These numbers have come down in the recent years but the benefits of having a government job are still the same. Working in the government sector has always been less demanding than a private job.

Quarterly Current Affairs - January to March 2018 for Competitive Exams Vol. 1

It was a simple incident in the life of James Clavell—a talk with his young daughter just home from school—that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was —any mind, for that matter—under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly—almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions… Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can—then your child will."
