"What would you do if you knew your unborn child would be born with a serious birth defect? That's the question that was facing Chad and Ashley Judice of Lafayette, Louisiana, when their unborn son was diagnosed with spina bifida in a 16-weeks ultrasound. If brought to term, the child could be paralyzed from the waist on down. He would probably have little or no control of his bowels or bladder. And he could have any number of learning disabilities associated with a related birth defect called hydrocephalus, commonly referred to as "water on the brain". When the doctor gave the Judices the diagnosis, she expressed her sincere sympathy, then proceeded to ask Ashley if she wanted to terminate the pregnancy. The medical literature on this birth defect indicates 80 percent of parents who are given this diagnosis do close abortion. Ashley and Chad did not want to be in that number. Instead, they would pray for a miracle" --Cover, p. 2.

Renon Chattelrault faces the most controversial case of his legal career. The defendant: a Catholic priest. The case involves the sexual abuse of hundreds of children under the age of ten. It is the first case of its kind, and it goes to the core of one of the oldest, richest and most powerful institutions on earth, the Roman Catholic church. As Chattelrault mounts his defense of Father Francis Dubois, he begins to uncover evidence of an epic conspiracy involving the sexual abuse of thousands of children - one that implicates not just the Louisiana diocese, but goes all the way to the Vatican itself. Most men would stand aside; but Renon Chattelrault is not most men. *IN GOD'S HOUSE* is a powerful thriller about the greatest conspiracy of our time, and one man's fearless crusade for justice.

"The Genealogist's Address Book is the answer to the perennial question, 'What's out there in the world of genealogy?' What organizations, institutions, special resources, and websites can help me? Where do I write or phone or send e-mail? Once again, Elizabeth Bentley's Address Book answers these questions and more. Now in its 6th edition, The Genealogist's Address Book gives you access to all the key sources of genealogical information, providing names, addresses, phone numbers, fax numbers, e-mail addresses, websites, names of contact persons, and other pertinent information for more than 27,000 organizations, including libraries, archives, societies, government agencies, vital records offices, professional bodies, publications, research centers, and special interest groups. Based on a written survey of thousands of organizations and institutions across the country, and supplemented by information from printed and Internet sources, the new 6th edition of the Address Book has been extensively revised and updated, eliminating undeliverable addresses and defunct organizations, while adding thousands of additional sources. Besides new websites and e-mail addresses, the new edition features greatly expanded coverage of archival agencies and vital records offices, especially in the New England states and New York. In addition, it is now easier to use than ever, with all 27,000 entries divided into two easy-to-use sections."--P. [4] of cover.

Mortal Sins: Sex, Crime, and the Era of Catholic Scandal

The Church is a faithful custodian of the "Lives of the Saints," of those books which contain the wonderful and glorious deeds of her children who have lived and died in the odor of sanctity. And she looks on every "Life of a Saint" as a guidebook pointing out the way to Heaven to all Christians, who are only travelers on the way to their true home. After the Bible and the Catechism there is no book more precious in the eyes of Mother Church than a "Life of a Saint." It is the dearest wish

of Mother Church that her children should frequently read the lives of the Saints; by so doing they gradually become acquainted with a select society to which, in a great measure, they will be forced to raise the standard of their daily lives. Our Holy Father St. Augustine is a striking example of what the reading of the lives of the Saints may do. A friend of his, Alipius by name, gave him the life of St. Anthony the Abbot. Augustine read it, and was so extremely affected by what he read that it was one main cause of his conversion. Looking down the long calendar of saints, glancing carefully over the Church's long honor list of men and women whose names were held in veneration in their days, we find no name crowned with a greater halo of glory and honor than that of St. Rita, the humble Augustinian nun of Cascia, now venerated under the singular title of the Saint of the Impossible. It is more than 450 years since St. Rita departed this life to be united forever to her Lord and spouse Jesus Christ, and yet her name is still held in benediction, not only among the faithful of Italy, her native country, but also among the faithful of the rest of Europe, who vie with the people of South and North America in honoring and venerating our illustrious Saint. Among the many magnificent "Lives of St. Rita" written by the Italian and Spanish Augustinians, we prefer that written by our brother religious, Father Joseph Sicardo. As his book has had a large propaganda in Spain, the Philippine Islands and in Spanish America, we have hopes that the same book, garbed in an English dress, will help to keep alive that fire of devotion which now burns in the hearts of so many clients of St. Rita in North America. That our translation of Father Sicardo's Life of St. Rita may have the result of further

increasing not only the veneration, but also the number, of the clients of our sister, St. Rita, is our only wish and ambition.

Beyond the Bible

The Archbishop of New York offers his insight on his time in Rome, the Conclave and the election of a new Holy Father, Pope Francis. Since February 2013, many have asked Cardinal Timothy Dolan to comment about Pope Benedict XVI's resignation, his final days in the Vatican, the Conclave, and the excitement and joy of the election of Pope Francis. Those two months--between the time Pope Benedict announced his retirement up until the election of Pope Francis--were a deeply spiritual and important period for the Cardinal. In this eBook original, he reflects on that most exciting of times. By turns, witty, provocative, and inspiring Cardinal Dolan gives a first hand account of what happened during those days and what it means for the future of the Church.

Lead Us Not Into Temptation

This is the third in a trilogy of inspiring, heartwarming books that tell the story of a Lafayette, La., couple and their child, Eli, who was born with a birth defect called spina bifida. Published when Eli was 9 years old, this volume follows the boy's life from infancy to that of a healthy, happy second-grader. At the same time, on a parallel track, the book chronicles Eli's dad's growth in and understanding of his Catholic faith. In his journey toward the light of a much deeper faith, Eli's dad, Chad Judice, gains an unshakable trust in the Lord, a greater reliance on the intercession of the Blessed Virgin Mary, and a commitment to the church's teachings on Natural Family Planning.

Archbishop Dolan clearly sets forth what it takes to be a Catholic priest in the Third Millennium. Whether he is stressing the necessity of regular Confession and the need to celebrate daily Mass and say the Liturgy of the Hours or discussing priestly celibacy in frank, realistic terms, he emphasizes true priest identity by presenting a life worth living, a life worth sharing, a life worth offering up to the Father through

Christ and in the Holy Spirit. Pastoral, practical, and thoroughly Catholic, Priests for the Third Millennium will renew the joy of being Catholic in the heart of seminarians, priests, and the people they serve.

Learning Christ represents a thorough reevaluation of Ignatius as author and theologian, demonstrating that his seven authentic letters present a sophisticated and cohesive vision of the economy of redemption. Gregory Vall argues that Ignatius's thought represents a vital synthesis of Pauline, Johannine, and Matthean perspectives while anticipating important elements of later patristic theology. Topics treated in this volume include Ignatius's soteriological anthropology, his Christology and nascent Trinitarianism, his nuanced understanding of the relationship between Judaism and Christianity, and his ecclesiology and eschatology.

New York Times Bestseller List “Leonard and Gobi’s story represents the power of people working together and the profound depth of feeling possible between a man and his dog.”--Publishers Weekly A man, a dog, and the lengths to which love will go to sacrifice for its companion. Finding Gobi is the miraculous tale of Dion Leonard, a seasoned ultramarathon runner who crosses paths with a stray dog while competing in a 155-mile race through the Gobi Desert in China. The lovable pup, who would later earn the name Gobi, proved that what she lacked in size, she more than made up for in heart, as she went step for step with Dion over the Tian Shan Mountains, across massive sand dunes, through yurt villages and the black sands of the Gobi Desert, keeping pace with him for 77 miles. As Dion witnessed the incredible determination and heart of this small animal, he found his own heart undergoing a change as well. Whereas in the past these races were all about winning and being the best, his goal now was to make sure he and Gobi’s friendship continued well after the finish line. He found himself letting Gobi sleep in his tent at night, giving her food and water out of his own limited supply, and carrying her across numerous rivers, even when he knew it would mean putting him behind in the race, or worse, prevent him from finishing at all. Although Dion did not cross the finish line first, he felt he had won something even greater – a new outlook on life and a new friend that he planned on bringing home as soon as arrangements were made. However, before he could take her home, Gobi went

missing in the sprawling Chinese city where she was being kept. Dion, with the help of strangers and a viral outpouring of assistance on the internet, set out to track her down, and reunite forever with the amazing animal that changed his life and proved to him and the world that miracles are possible.

The Soul of the Apostolate

Mark Newman draws on a vast range of archives and many interviews to uncover for the first time the complex response of African American and white Catholics across the South to desegregation. In the late nineteenth and first half of the twentieth century, the southern Catholic Church contributed to segregation by confining African Americans to the back of white churches and to black-only schools and churches. However, in the twentieth century, papal adoption and dissemination of the doctrine of the Mystical Body of Christ, pressure from some black and white Catholics, and secular change brought by the civil rights movement increasingly led the Church to address racial discrimination both inside and outside its walls. Far from monolithic, white Catholics in the South split between a moderate segregationist majority and minorities of hard-line

segregationists and progressive racial egalitarians. While some bishops felt no discomfort with segregation, prelates appointed from the late 1940s onward tended to be more supportive of religious and secular change. Some bishops in the peripheral South began desegregation before or in anticipation of secular change while elsewhere, especially in the Deep South, they often tied changes in the Catholic churches to secular desegregation. African American Catholics were diverse and more active in the civil rights movement than has often been assumed. While some black Catholics challenged racism in the Church, many were conflicted about the manner of Catholic desegregation generally imposed by closing valued black institutions. Tracing its impact through the early 1990s, Newman reveals how desegregation shook congregations but seldom brought about genuine integration.

Saint Mother Theodore Guerin left a legacy of service, piety and faith across two continents. In France she inspired hope while serving as superior to the schools in the town of Soulaines. But it was in the fledgling United States that her abilities shone, as she founded a new congregation of the Sisters of Providence and built schools, orphanages, and even a pharmacy. Her memory lives on through Saint Mary-of-the-Woods College in Indiana-the United States' oldest Catholic liberal arts college for women. She was canonized on October 15, 2006, making her only the

eighth saint to have lived and worked in the United States.

The Genealogist's Address Book. 6th Edition

The Soul of the Apostolate was the favorite book of Pope St. Pius X. This book shows how prayer is the soul of every apostolic work and is absolutely critical for apostolic success. Explores all the proved methods of developing and maintaining the interior life amid the bustle of daily activity. This excellent book will help you to understand the economy of salvation, as well as the many dead-ends that we fallen creatures tend to follow. A critically important introduction to the spiritual life! This important book has been recommended by Pope St. Pius X and his successor, Pope Benedict XV. Pope St. Pius X said, "If you desire that God should bless your apostolate and make it fruitful, undertake everything for His glory, saturate yourself and your devoted fellow-workers with the spirit of Jesus Christ, animating yourself and them with an intense interior life. To this end, I can offer

you no better guide than The Soul of the Apostolate by Dom Chautard, Cistercian Abbot. I warmly recommend this book to you, as I value it very highly, and have myself made it my bedside book."

and Bernstein's reporting on Watergate--has been brought brilliantly to life on the screen in the major new movie Spotlight, winner of the Academy Award for Best Picture. Here are the devastating revelations that triggered a crisis within the Catholic Church. Here is the truth about the scores of abusive priests who preyed upon innocent children and the cabal of senior Church officials who covered up their crimes. Here is the trail of "hush money" that the Catholic Church secretly paid to buy victims' silence--deeds that left millions of the faithful in the U.S. and around the world shocked, angry, and confused. Here as well is a vivid account of the ongoing struggle, as Catholics confront their Church and call for sweeping change.

The 2016 presidential election was unlike any other in American history. Polls tell us that millions of American Catholics who care about moral issues and who descended from immigrants supported Donald Trump. Why didn't Trump's rhetoric on immigration and his promises to close the borders trouble more American Catholics? Despite his own vulgar behavior, his unconcealed selfishness, or his still-recent support for abortion rights, why were some serious Catholics drawn to Trump? In Good Intentions Steven P. Millies uncovers the history of how American Catholics came to this. More than that, Good Intentions offers an explanation for why Catholics behaved the way they did in 2016 with some practical reflections

about how to put Catholic faith to better use in American politics.

This book is an attempt by Fr. Romero to share some of the scriptural and historical "evidence" that the contemporary Roman Catholic Church and the Apostolic Church founded by Jesus Christ circa 30 A. D. are one and the same. Using some of the commonly-heard misconceptions about the Catholic Faith as points of departure, Fr. Romero examines various key passages from Scripture, looks at historical documentation found in secular sources and, at the end of each chapter, presents quotes from the writings of the first generations of Christians to show that modern-day Catholic beliefs and practices have solid precedence in the beliefs and practices of the early Church.

2013 An Edgar Award for Best Fact Crime Nominee An explosive, sweeping account of the scandal that has sent the Catholic Church into a tailspin -- and the brave few who fought for justice In the mid-1980s a dynamic young monsignor assigned to the Vatican's embassy in Washington set out to investigate the problem of sexually abusive priests. He found a scandal in the making, confirmed by secret files revealing complaints that had been hidden from police and covered up by the Church hierarchy. He also understood that the United States judicial system was eager to punish offenders and those who aided them. He presented all of this to the American bishops, warning that the Church could be devastated by negative publicity and bankrupted by its legal liability. They ignored him. Meanwhile, a young lawyer listened to a new client describe an abusive sexual history with a priest that began when he was ten years old. His parents' complaints were downplayed by Church officials who offered them money to go away. The lawyer saw a claim that any defendant would want to settle. Then he began to suspect he was onto something bigger, involving thousands of priests who had abused countless children while the Church had done almost nothing about it. The lawsuit he filed would touch off a legal war of historic and global proportions. Part history, part journalism, and part true-crime thriller, Michael D'Antonio's *Mortal Sins* brings to mind landmark books such as *All the President's Men*, *And the Band Played On*, and *The Informant*, as it reveals a long and ferocious battle for the soul of the largest and oldest organization in the world.
