Brighter Child Early Learning Flash Cards

Would you like to teach your children how to read, improve their word recognition, spelling and reading comprehension? This is a 'Sight Words - 300 High Frequency

Words Flashcards' book. Sight words, also called high-frequency words account for a great percentage of words used in children's print materials (up to 75%). Since many sight words can't be sounded out with phonics or have unusual spelling patterns, young children are encouraged to memorize them as a whole by sight. This approach allows them to recognize these words in the text instantly without having to use any strategies to decode. The ability to recognize a large number of sight words increases reading fluency and gives children a better start into the process of learning to read. This resource is made in Black and White colours. Enjoy!

Brighter Child® Reading and Phonics, Grade 2

Reading improves vocabulary and language skills. Children learn basic sight words as they read. Subconsciously, they absorb information on how to structure sentences and how to use words and other language features effectively in their writing and speaking. Reading promotes achievement in all subjects, not just English. Children who are good readers tend to achieve better across the curriculum. After all, practice makes perfect in almost everything kids do and reading is no different. We aim to enable kids to read confidently, fluently, accurately and with understanding.
