No such warning was included on the latest and greatest release from the Warcraft series of massive multiplayer on-line role-playing games (MMORPGs)—World of Warcraft (WoW). So when Ryan Van Cleave—a college professor, husband, father, and one of the 11.5 million Warcraft subscribers worldwide—found himself teetering on the edge of the Arlington Memorial Bridge, he had no one to blame but himself. He had neglected his wife and children and had jeopardized his livelihood, all for the rush of living a life of high adventure in a virtual world. Ultimately, Ryan decided to live, but not for the sake of his family or for a newly found love of life: he had to get back home for his evening session of Warcraft. A fabulously written and gripping tale, *Unplugged* takes us on a journey through Ryan's semi-reclusive life with video games at the center of his experiences. Even when he was sexually molested by a young school teacher at age eleven, it was the promise of a new video game that lured him to her house. As Ryan's life progresses, we witness the evolution of videogames—from simple two-button consoles to today's complicated multi-key technology, brilliantly designed to keep the user actively participating. As is the case with most recovering addicts, Ryan eventually hits rock bottom and shares with the reader his ongoing battle to control his impulses to play, providing prescriptive advice and resources for those caught in the grip of this very real addiction.

Running Joe's True Life

Introduction to Law and Legal Reasoning

Father Dowling is a dedicated parish priest who happens to have a knack for unraveling the mysteries of the real world as well as those of heaven, but the latest puzzle to catch his attention---the disappearance of Wallace Flanagan---doesn't seem to be a mystery so much as a dirty little secret. By all

appearances, Flanagan, the heir to a lucrative concrete business, skipped town with his mistress more than ten years ago, although no one talks about that out of respect for his abandoned wife. But appearances go right out the window when his mangled---and recently live---body is found wedged into one of his father's cement mixers. If Flanagan's unexpected return and immediate death aren't enough to shake a few skeletons from their closets, childhood friends and lifelong enemies have started trickling home to Fox River, Illinois, a town outside of Chicago. All of them had a stake in his disappearance, but which one would murder a man who was already all but dead? And would kill again to keep a dead man's secrets? A collision between the past and present dislodges some hard and hidden truths that Father Dowling must uncover if he's going to catch a killer in Ralph McInerny's *The Widow's Mate*, an absorbing and suspenseful mystery that is sure to please Father Dowling's many fans.

Number One Bestseller The incredible story of the murder which gripped the nation. When Tom Nevin was brutally murdered in Jack White's Inn on the morning of 19 March 1996 there was widespread mourning for the man known as a 'gentle giant'. And none seemed as grief-stricken as his widow, Catherine. She stood by the graveside holding a single red rose, the classic symbol of a lost love. But even as that picture occupied the front page of the nation's newspapers, the rumours

had started. Four years later Catherine Nevin stood in the dock and listened impassively as a jury found her guilty of murdering her husband, and guilty on three counts of soliciting others to murder. The trial had kept the entire country enthralled, as every day more bizarre stories emerged: contract killers, money laundering, the IRA, sexual affairs, plastic surgery, contacts in high places. It had all the ingredients of a bestselling thriller, but this was real life, and with a real victim. The Black Widow is the story of a woman who wanted it all and didn't care how she got it. Niamh O'Connor, a journalist who sat through every day of the record-breaking trial, explores the personality behind the glamorous mask, the real motives for the murder, and, in a series of revealing interviews, unravels the web of intrigue, deception and violence that brought the woman who once gave deportment classes to schoolchildren to the cells of Mountjoy.

controversial crimes, and 3) controversial crime fighting methods. It includes both classic works of criminological theory and up to date studies of various crimes and criminal justice responses. The book draws readers into the critical evaluation of the causes of crime and the operations of agencies of control. A three-part organization examines various explanations of criminal behavior, investigates several controversial or “new” types of crime that have generated heated debate in American society, and covers some of the most disputed crime-fighting techniques in America. For individuals interested in the theories and issues of crime and justice.

Overwhelmingly, Black teenage girls are negatively represented in national and global popular discourses, either as being “at risk” for teenage pregnancy, obesity, or sexually transmitted diseases, or as helpless victims of inner city poverty and violence. Such popular representations are pervasive and often portray Black adolescents' consumer and leisure culture as corruptive, uncivilized, and pathological. In *She's Mad Real*, Oneka LaBennett draws on over a decade of researching teenage West Indian girls in the Flatbush and Crown Heights sections of Brooklyn to argue that Black youth are in fact strategic consumers of popular culture and through this consumption they assert far more agency in defining race, ethnicity, and gender than academic and popular discourses tend to acknowledge.

Importantly, LaBennett also studies West Indian girls' consumer and leisure culture within public spaces in order to analyze how teens like China are marginalized and policed as they attempt to carve out places for themselves within New York's contested terrains.

Angel and the French Widow

“One night when she was four and sleeping in the bottom bunk of her bunk bed, Ruth Cole woke to the sound of lovemaking—it was coming from her parents’ bedroom.” This sentence opens John Irving’s ninth novel, *A Widow for One Year*, a story of a family marked by tragedy. Ruth Cole is a complex, often self-contradictory character—a “difficult” woman. By no means is she conventionally “nice,” but she will never be forgotten. Ruth’s story is told in three parts, each focusing on a critical time in her life. When we first meet her—on Long Island, in the summer of 1958—Ruth is only four. The second window into Ruth’s life opens on the fall of 1990, when she is an unmarried woman whose personal life is not nearly as successful as her literary career. She distrusts her judgment in men, for

good reason. A Widow for One Year closes in the autumn of 1995, when Ruth Cole is a forty-one-year-old widow and mother. She's about to fall in love for the first time. Richly comic, as well as deeply disturbing, A Widow for One Year is a multilayered love story of astonishing emotional force. Both ribald and erotic, it is also a brilliant novel about the passage of time and the relentlessness of grief.

Witnessing the addiction of a family member or loved one is a heart-breaking experience. This candid, raw, and unforgettable memoir is a true-life story of how a loving wife tried to save her husband from an opioid addiction. Unlike some popular memoirs, this story alternates between the human and evil sides of living with an addict. She discovered that not only was her husband's drug addiction spiraling out of control, but that his doctor was at the root of it all. The Addict's Widow gives voice to the emotions and pain shared by the families of addicts. Above all, it is a powerful personal story of how a mother struggled to keep her children from witnessing the unthinkable while trying to keep her husband alive. Part 2 of Claudia's memoir, Picking Up the Pieces is her continued journey on how her and her children recovered from this life shattering experience and found happiness and peace after all.

The Criminal Justice System

The beautifully written, deeply affecting story of Jean-Michel Basquiat's partner, her past, and their life together New York City in the 1980s was a mesmerizing, wild place. A hotbed for hip hop, underground culture, and unmatched creative energy, it spawned some of the most significant art of the 20th century. It was where Jean-Michel Basquiat became an avant-garde street artist and painter, swiftly achieving worldwide fame. During the years before his death at the age of 27, he shared his life with his lover and muse, Suzanne Mallouk. A runaway from an unhappy home in Canada, Suzanne first met Jean-Michel in a bar on the Lower East Side in 1980. Thus began a tumultuous and passionate relationship that deeply influenced one of the most exceptional artists of our time. In emotionally resonant prose, award-winning author Jennifer Clement tells the story of the passion that swept Suzanne and Jean-Michel into a short-lived, unforgettable affair. A poetic interpretation like no other, *Widow Basquiat* is an expression of the unrelenting power of addiction, obsession and love. From the Trade Paperback edition.

A journalist pieces together the mysteries surrounding her ex-husband's descent into drug addiction while trying to rebuild a life for her family, taking readers on an intimate journey into the world of white-collar drug abuse. "A rare combination of journalistic rigor, personal courage, and writerly grace."—Bill Clegg, author of *Portrait of an Addict as a Young Man* Something was wrong with Peter. Eilene Zimmerman noticed that her ex-husband looked thin, seemed distracted, and was frequently absent from activities with their children. She thought he looked sick and needed to see a doctor, and indeed, he told her he had been diagnosed with an autoimmune disorder. Yet in many ways, Peter seemed to have it all: a beautiful house by the beach, expensive cars, and other luxuries that came with an affluent life. Eilene assumed his odd behavior was due to stress and overwork—he was a senior partner at a prominent law firm and had been working more than sixty hours a week for the last twenty years. Although they were divorced, Eilene and

Peter had been partners and friends for decades, so when she and her children were unable to reach Peter for several days, Eilene went to his house to see if he was OK. So begins *Smacked*, a brilliant and moving memoir of Eilene's shocking discovery, one that sets her on a journey to find out how a man she knew for nearly thirty years became a drug addict, hiding it so well that neither she nor anyone else in his life suspected what was happening. Eilene discovers that Peter led a secret life, one that started with pills and ended with opioids, cocaine, and methamphetamine. He was also addicted to work; the last call Peter ever made was to dial in to a conference call. Eilene is determined to learn all she can about Peter's hidden life, and also about drug addiction among ambitious, high-achieving professionals like him. Through extensive research and interviews, she presents a picture of drug dependence today in that moneyed, upwardly mobile world. She also embarks on a journey to re-create her life in the wake of loss, both of the person—and the relationship—that profoundly defined the woman she had become.

Face to Face is about personal relationships. Everyone talks as though they want one, but most of us are missing the strategies to live with this intimacy, especially with God. This book is an invitation to explore the "ah-ha" moments of a theologian who believes that theology should be practical and speak to where we live. Drawing from years of study in theology, biblical studies, counseling, and addiction therapy, this book is a creative conversation about what is missing in our most important element in life--our relationships. Its simplicity does not diminish its depth in penetrating some of the most complex questions of our age.
