The Secret Mother

According to UNICEF, growing up with domestic violence is one of the most pervasive human rights violations in the world, affecting more than a billion people. Yet too few people are aware of the profound impact it can have. Invincible seeks to change this lack of awareness and understanding with a compelling look at this important issue, informing and inspiring anyone who grew up living with domestic violence - and those who love them, work with them, teach them, and mentor them. Through powerful first-person stories, including the author's own experiences, as well as insightful commentary based on the most recent social science and psychology research, Invincible not only offers a deeper understanding of the concerns and challenges of those who grew up with domestic violence, but also provides proven strategies everyone can use to reclaim their lives and futures. 'When you grow up living with domestic violence, witnessing those you love tear each other down with physical and verbal blows, your brain doesn't know how to deal with that.' from the foreword by Tony Robbins The author is donating all net royalties to the Childhood Domestic Violence Association. 'I have never shared the fact that I was a child of domestic violence. And, if I had not met Brian Martin, I don't know if I would have. What appeals to me most about Brian's approach is that it is based on empowerment. Our experiences as children living with domestic violence have given us the equipment - a secret weapon, if you will - to overcome all kinds of obstacles in our lives. It means we are not victims, we are victorious.' Tony Robbins, bestselling author and Peak Performance strategist 'Attention-grabbing and revealing, giving us insight into the world of CDV. It will be a valuable tool for our staff and New York City's most vulnerable population - its children.' Trevor M. Johns, acting associate commissioner, NYC Administration for Children's Services 'Martin's kindness shines through this book. And though many purported self-help books often have the stench of the obvious - House too cluttered? Throw out stuff! Overweight? Eat less, move more! - Invincible has the air of honesty and hard work, and the feeling of someone who wants to help. It is not easy reading. It is not pleasant reading. But for anyone who grew up in a violent household, it could very well be the most important reading.' NJ.com

would shock and captivate the world. On January 14, 2018, a seventeen-year-old girl climbed out of the window of her Perris, California home and dialed 911 on a borrowed cell phone. Struggling to stay calm, she told the operator that she and her 12 siblings—ranging in age from 2 to 29—were being abused by their parents. When the dispatcher asked for her address, the girl hesitated. “I’ve never been out,” she stammered. To their family, neighbors, and online friends, Louise and David Turpin presented a picture of domestic bliss: dressing their thirteen children in matching outfits and buying them expensive gifts. But what police discovered when they entered the Turpin family home would eclipse the most shocking child abuse cases in history. For years, David and Louise had kept their children in increasing isolation, trapping them in a sinister world of torture, fear, and near starvation. In the first major account of the case, investigative journalist John Glatt delves into the disturbing details and recounts the bravery of the thirteen siblings in the face of unimaginable horror.

The Mad Scientist Next Door

How do the rich get rich? An updated edition of the “remarkable” New York Times bestseller, based on two decades of research (The Washington Post). Most of the truly wealthy in the United States don’t live in Beverly Hills or on Park Avenue. They live next door. America’s wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don’t realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as “rich” are actually a tiny minority of America’s truly wealthy citizens—and behave quite differently than the majority. At the time of its first publication, *The Millionaire Next Door* was a groundbreaking examination of America’s rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. “Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today’s earn-and-consume culture.”

While Hannah and Emme are alike in so many ways, they're also different in some wrong ways, too. Is this the perfect friendship . . . or a recipe for disaster? From award-winning writer Carolyn Mackler comes a funny, smart story about finding out who your best friends are, in good times and bad.
