The Soldier

With the incomparable vision and breathtaking detail that brought his now-classic Mars trilogy to vivid life, bestselling author KIM STANLEY ROBINSON boldly imagines an alternate history of the last seven hundred years. In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. The Years of Rice and Salt It is the fourteenth century and one of the most apocalyptic events in human history is set to occur—the coming of the Black Death. History teaches us that a third of Europe’s population was destroyed. But what if? What if the plague killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been—a history that stretches across centuries, a history that sees dynasties and nations rise and crumble, a history that spans horrible famine and magnificent innovation. These are the years of rice and salt. This is a universe where the first ship to reach the New World travels across the Pacific Ocean from China and colonization spreads from west to east. This is a universe where the Industrial Revolution is triggered by the world’s greatest scientific minds—in India. This is a universe where Buddhism and Islam are the most influential and practiced religions and Christianity is merely a historical footnote. Through the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson renders an immensely rich tapestry. Rewriting history and probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power, and even love on such an Earth. From the steppes of Asia to the shores of the Western Hemisphere, from the age of Akbar to the present and beyond, here is the stunning story of the creation of a new world. From the Hardcover edition.

Rise of the Footsoldier - In My Game, The Choice is a Jail or a Grave

In Pittacus Lore’s The Rise of Nine, third in the New York Times bestselling I Am Number Four series, the stakes are higher than ever as John, Six, and Seven try desperately to find the rest of the Garde before it’s too late. The Mogadorians who destroyed the planet Lorien continue to hunt down the Garde, the small group of

Loric survivors who have taken refuge on Earth. The Garde must come together. They are Loric and Earth's only hope. During the dangerous mission at the Mogadorian base in West Virginia, John found and rescued Nine. But even with their combined powers, special abilities known as Legacies, the pair barely escaped with their lives—and they lost Sam in the process. In order to save our world and their own, John and Nine must join forces with Six and Seven who have been battling the Mogadorians in Spain, and who are now trying to locate Number Eight in India. Power in numbers will save us all.

The Rise of Germany, 1939-1941

WILL DEADLY SECRETS STAY CONCEALED? Old Captain Orbus commandeered a ship to flee Spatterjay, desperate to escape the violent planet. Orbus's alien enemy, the Prador Vrell, is also moving on. The Spatterjay virus mutated him into something even more dangerous. And he's hunting the Prador King himself - who sought to kill him, to bury the secret of their similar transformations. Orbus and Vrell clash in the Graveyard, a lawless zone where the Prador have seized a key space station. Official action by humanity or Prador would end peace, as a centuries-long cold war simmers. So Earth commands Orbus to destroy the station, even as the King recruits a monster to exterminate Vrell. But their actions will awaken an intelligence that annihilated civilizations, as it stirs after five million years . . .

Dog Soldiers

An in-depth history of the RAND Corporation describes the behind-the-scenes role of the secretive think tank in shaping American political policy for six decades, detailing its origins, the part it played during the Cold War, and its development of the rational choice theory. Reprint.

Soldiers of the Sun

Completely revised and updated, this new edition of *Terror in the Mind of God* incorporates the events of September 11, 2001 into Mark Juergensmeyer's landmark study of religious terrorism. Juergensmeyer explores the 1993 World Trade Center explosion, Hamas suicide bombings, the Tokyo subway nerve gas attack, and the killing of abortion clinic doctors in the United States. His personal interviews with 1993 World Trade Center bomber Mahmud Abouhalima, Christian Right activist Mike Bray, Hamas leaders Sheik Yassin and Abdul Azis Rantisi, and Sikh political leader Simranjit Singh Mann, among others, take us into the mindset of those who perpetrate and support violence in the name of religion.

Rise

"An urgent and expert investigation into behavioral addiction, the dark flipside of today's unavoidable digital technologies, and how we can turn the tide to regain control. Behavioral addiction may prove to be one of the most important fields of social, medical, and psychological research in our lifetime. The idea that behaviors can be being addictive is new, but the threat is near universal. Experts are just

beginning to acknowledge that we are all potential addicts. Adam Alter, a professor of psychology and marketing at NYU, is at the cutting edge of research into what makes these products so compulsive, and he documents the hefty price we're likely to pay if we continue blindly down our current path. People have been addicted to substances for thousands of years, but for the past two decades, we've also been hooked on technologies, such as Instagram, Netflix, and Facebook--inventions that we've adopted because we assume they'll make our lives better. These inventions have profound upsides, but their extraordinary appeal isn't an accident. Technology companies and marketers have teams of engineers and researchers devoted to keeping us engaged. They know how to push our buttons, and how to coax us into using their products for hours, days, and weeks on end. Tracing the very notion of addiction through history right up until the present day, Alter shows that we're only just beginning to understand the epidemic of behavioral addiction gripping society. He takes us inside the human brain at the very moment we score points on a smartphone game, or see that someone has liked a photo we've posted on Instagram. But more than that, Alter heads the problem off at the pass, letting us know what we can do to step away from the screen. He lays out the options we have address this problem before it truly consumes us. After all, who among us has struggled to ignore the ding of a new email, the next episode in a TV series, or the desire to play a game just one more time? Adam Alter's previous book, *Drunk Tank Pink: And Other Unexpected Forces that Shape How We Think, Feel, and Behave* is available in paperback from Penguin"--

The Soldier and the State

The last days of colonialism taught America's revolutionaries that soldiers in the streets bring conflict and tyranny. As a result, our country has generally worked to keep the military out of law enforcement. But according to investigative reporter Radley Balko, over the last several decades, America's cops have increasingly come to resemble ground troops. The consequences have been dire: the home is no longer a place of sanctuary, the Fourth Amendment has been gutted, and police today have been conditioned to see the citizens they serve as an other—an enemy. Today's armored-up policemen are a far cry from the constables of early America. The unrest of the 1960s brought about the invention of the SWAT unit—which in turn led to the debut of military tactics in the ranks of police officers. Nixon's War on Drugs, Reagan's War on Poverty, Clinton's COPS program, the post-9/11 security state under Bush and Obama: by degrees, each of these innovations expanded and empowered police forces, always at the expense of civil liberties. And these are just four among a slew of reckless programs. In *Rise of the Warrior Cop*, Balko shows how politicians' ill-considered policies and relentless declarations of war against vague enemies like crime, drugs, and terror have blurred the distinction between cop and soldier. His fascinating, frightening narrative shows how over a generation, a creeping battlefield mentality has isolated and alienated American police officers and put them on a collision course with the values of a free society.

Mighty Soldier King 2: I Am the Mighty Soldier King

Jeff Shaara dazzled readers with his bestselling novels *Gods and Generals*, *The Last*

Full Measure, and Gone for Soldiers. Now the acclaimed author who illuminated the Civil War and the Mexican-American War brilliantly brings to life the American Revolution, creating a superb saga of the men who helped to forge the destiny of a nation. In 1770, the fuse of revolution is lit by a fateful command "Fire!" as England's peacekeeping mission ignites into the Boston Massacre. The senseless killing of civilians leads to a tumultuous trial in which lawyer John Adams must defend the very enemy who has assaulted and abused the laws he holds sacred. The taut courtroom drama soon broadens into a stunning epic of war as King George III leads a reckless and corrupt government in London toward the escalating abuse of his colonies. Outraged by the increasing loss of their liberties, an extraordinary gathering of America's most inspiring characters confronts the British presence with the ideals that will change history. John Adams, the idealistic attorney devoted to the law, who rises to greatness by the power of his words . . . Ben Franklin, one of the most celebrated men of his time, the elderly and audacious inventor and philosopher who endures firsthand the hostile prejudice of the British government . . . Thomas Gage, the British general given the impossible task of crushing a colonial rebellion without starting an all-out war . . . George Washington, the dashing Virginian whose battle experience in the French and Indian War brings him the recognition that elevates him to command of a colonial army . . . and many other immortal names from the Founding Family of the colonial struggle - Abigail Adams, Thomas Jefferson, Joseph Warren, Samuel Adams, Richard Henry Lee - captured as never before in their full flesh-and-blood humanity. More than a powerful portrait of the people and purpose of the revolution, *Rise to Rebellion* is a vivid account of history's most pivotal events. The Boston Tea Party, the battles of Concord and Bunker Hill: all are recreated with the kind of breathtaking detail only a master like Jeff Shaara can muster. His most impressive achievement, *Rise to Rebellion* reveals with new immediacy how philosophers became fighters, ideas their ammunition, and how a scattered group of colonies became the United States of America.

Prador Moon

An accessible, beautifully crafted and heartbreakingly topical novel about PTSD and the unseen effects of global conflict on ordinary lives. Beyond the bright lights and casinos lies the real Las Vegas, a forces town. In the predawn hours, a woman's marriage crumbles with a single confession. Across the city, Bashkim, the young son of an immigrant family, observes how they are struggling to get by in the land of opportunity. Three thousand miles away on the other side of the United States, a soldier, recently returned from active service in Iraq, wakes up in hospital with the feeling he's done something awful. In Laura McBride's heartbreaking and authentic novel, these disparate lives are brought together by one split-second choice; this is a story about families, the ones we are born to and the ones we choose to make. Faced with seemingly insurmountable loss, each person must decide whether to give in to despair, or to find the courage and resilience to rise. 'A powerful story of the way in which war detonates far from battlefields, exploding lives in a single irrevocable moment. We Are Called to Rise reverberated long after I'd put it down. I can't stop thinking about it' Sarah Blake, *The Postmistress* 'A haunting and unforgettable debut' Marie Claire 'Compelling, emotional and heart-breaking' Sun 'Packs a raw, emotional power' Sunday Mirror 'Like Donna Tartt's... *The Goldfinch*, it strips a layer of gloss off the Las Vegas myth by moving to the families

populating suburbia' Grazia

The Rise of the Military Welfare State

From NYT bestselling author Jennifer A. Nielsen comes a stunning thriller about a girl who must escape to freedom after the Berlin Wall divides her family between east and west.

The Templars

Growing up in Charlotte, North Carolina, Q worked his way up in the ranks to become the most notorious drug dealer North Carolina has ever seen. With his action in the streets, he was able to do something that has never been done before' he was brought in to join the notorious mob family. With over ten thousand soldiers backing him, the mob and his soldiers were able to come together to fight the Haitians who tried to take over their turf. But a group of white girls has their own little scheme of how to get rich. Can Q save the ones he love from the streets that fear him?

The Rise of the G.I. Army, 1940-1941

The Mighty Soldier King is back! With the original intention to protect his beautiful boss, he accidentally gets involved in dangerous adventures and trouble. Will our Mighty Soldier King be defeated? Or will he sweep away all obstacles?

Infinity Engine

The races of man; elf, human, dwarf and halflings face a darkness that they can not comprehend. Molloch the dark god, has planned for thousands of years to seize Oren, but the great god EL has stopped him time and time again. Now the inhabitants of Oren have turned their backs on EL and a new window of opportunity for Molloch to seize Oren has arise. EL will not abandon Oren to the dark one without a fight, as he has a plan as well. EL has kept the elves of Shaggar safe for thousands of years, but there hearts have turned from him placing Oren in jeopardy. A lone half-elf, shunned by his people must fight against prejudice and hate to become the instrument of his god. Geric of the House of Joda must survive the trails of his youth and lead his people back into the light of EL. Shante Hartas, High Guardian of the city of Shaggar has other plans, as he secretly worships Molloch leading the great city into darkness under his rule. Raven Mercury a human warrior, fights to change his familys station in life from commoner to noble. Raven proves himself by winning the annual tournament granting him a chance to train at the legendary school of Ascension. The ancient dragon, Dragmyre is raising an army to begin his conquest of the world of Oren. Dragmyre has collected his generals to lead his army, and with the world unaware victory seems sure. Until a fateful night when Raven finds out the truth; the school is not what it seems. Will he hold too the noble intentions he has of being a knight or take his rightful place as a general in the Dragon Horde. With the world hanging in the balance, Geric Joda and Raven Mercury are thrust into the battle for Oren. Molloch is gathering his force on two fronts, preparing to seize all that EL holds dear. Two warriors will

decide the future of Oren the half-elf and the human, will they unite in time to save a world or choose a darker path. All will be decided in. Blackstarr: The Chronicles of Morgan Sparrowhawk

Empire of the Summer Moon

The dangers of ancient technology loom over the Polity in the sequel to *The Soldier*, Neal Asher's latest action-packed space opera series. The haiman Orlandine, charged with safeguarding lethal Jain tech swirling inside an accretion disc located in the distant reaches of space, has weaponized a black hole to eliminate the threat. But others are suspicious of her motives, and both the Polity AIs and the leaders of the alien prador kingdom dispatch fleets of warships in anticipation of conflict. As the black hole continues to eat its way through the planets in the accretion disc, making its way towards a dead sun, it becomes clear the disc has been hiding a larger secret. Nefarious forces with ulterior motives have manipulated Orlandine into deploying the black hole, triggering a series of larger events that will uncover a danger far older than even the Polity itself. From British science fiction writer Neal Asher, *The War Ship* picks up right where its predecessor, *The Soldier*, left off, showcasing Asher's unique take on cutting-edge and fast-paced science fiction.

The Rise of a Street Soldier

"Dan Jones is an entertainer, but also a bona fide historian. Seldom does one find serious scholarship so easy to read." – *The Times*, Book of the Year A New York Times bestseller, this major new history of the knights Templar is "a fresh, muscular and compelling history of the ultimate military-religious crusading order, combining sensible scholarship with narrative swagger" – Simon Sebag Montefiore, author of *Jerusalem A faltering war in the middle east*. A band of elite warriors determined to fight to the death to protect Christianity's holiest sites. A global financial network unaccountable to any government. A sinister plot founded on a web of lies. Jerusalem 1119. A small group of knights seeking a purpose in the violent aftermath of the First Crusade decides to set up a new order. These are the first Knights Templar, a band of elite warriors prepared to give their lives to protect Christian pilgrims to the Holy Land. Over the next two hundred years, the Templars would become the most powerful religious order of the medieval world. Their legend has inspired fervent speculation ever since. In this groundbreaking narrative history, Dan Jones tells the true story of the Templars for the first time in a generation, drawing on extensive original sources to build a gripping account of these Christian holy warriors whose heroism and alleged depravity have been shrouded in myth. The Templars were protected by the pope and sworn to strict vows of celibacy. They fought the forces of Islam in hand-to-hand combat on the sun-baked hills where Jesus lived and died, finding their nemesis in Saladin, who vowed to drive all Christians from the lands of Islam. Experts at channeling money across borders, they established the medieval world's largest and most innovative banking network and waged private wars against anyone who threatened their interests. Then, as they faced setbacks at the hands of the ruthless Mamluk sultan Baybars and were forced to retreat to their stronghold in Cyprus, a vindictive and cash-strapped King of France set his sights on their fortune. His administrators quietly mounted a damning case against the Templars, built on deliberate lies and

false testimony. On Friday October 13, 1307, hundreds of brothers were arrested, imprisoned and tortured, and the order was disbanded amid lurid accusations of sexual misconduct and heresy. They were tried by the Pope in secret proceedings and their last master was brutally tortured and burned at the stake. But were they heretics or victims of a ruthlessly repressive state? Dan Jones goes back to the sources to bring their dramatic tale, so relevant to our own times, to life in a book that is at once authoritative and compulsively readable.

Samurai to Soldier

The dramatic, untold story of how the American Army was mobilized from scattered outposts two years before Pearl Harbor into the disciplined and mobile fighting force that helped win World War II. In September 1939, when Nazi Germany invaded Poland and initiated World War II, a strong strain of isolationism existed in Congress and across the country. The U.S. Army stood at fewer than 200,000 men—unprepared to defend the country, much less carry the fight to Europe and the Far East. And yet, less than a year after Pearl Harbor, the American army led the Allied invasion of North Africa, beginning the campaign that would defeat Germany, and the Navy and Marines were fully engaged with Japan in the Pacific. The story of America's astounding industrial mobilization during World War II has been told. But what has never been chronicled before Paul Dickson's *The Rise of the G. I. Army, 1940-1941* is the extraordinary transformation of America's military from a disparate collection of camps with dilapidated equipment into a well-trained and spirited army ten times its prior size in little more than eighteen months. From Franklin Roosevelt's selection of George C. Marshall to be Army Chief of Staff to the remarkable peace-time draft of 1940 and the massive and unprecedented mock battles in Tennessee, Louisiana, and the Carolinas by which the skill and spirit of the Army were forged and out of which iconic leaders like Eisenhower, Bradley, and Clark emerged; Dickson narrates America's urgent mobilization against a backdrop of political and cultural isolationist resistance and racial tension at home, and the increasingly perceived threat of attack from both Germany and Japan. An important addition to American history, *The Rise of the G. I. Army, 1940-1941* is essential to our understanding of America's involvement in World War II.

Irresistible

Neal Asher takes on first contact, Polity style. This original novel recounts the first contact between the aggressive Prador aliens, and the Polity Collective as it is forced to retool its society to a war footing. The overwhelming brute force of the Prador dreadnaughts causes several worlds and space stations to be overrun. *Prador Moon* follows the initial Polity defeats, to the first draws, and culminates in what might be the first Polity victory, told from the point of view of two unlikely heroes. For the first time in the US in eBook format.

Blackwater

In a far corner of space, on the very borders between humanity's Polity worlds and the kingdom of the vicious crab-like prador, is an immediate threat to all sentient life: an accretion disc, a solar system designed by the long-dead Jain race and

swarming with living technology powerful enough to destroy entire civilizations. Neither the Polity or the prador want the other in full control of the disc, so they've placed an impartial third party in charge of the weapons platform guarding the technology from escaping into the galaxy: Orlandine, a part-human, part-AI haiman. She's assisted by Dragon, a mysterious, spaceship-sized alien entity who has long been suspicious of Jain technology and who suspects the disc is a trap lying-in-wait. Meanwhile, the android Angel is planning an attack on the Polity, and is searching for a terrible weapon to carry out his plans? a Jain super-soldier. But what exactly the super-soldier is, and what it could be used for if it fell into the wrong hands, will bring Angel and Orlandine's missions to a head in a way that could forever change the balance of power in the Polity universe. In *The Soldier*, British science fiction writer Neal Asher kicks off another Polity-based trilogy in signature fashion, concocting a mind-melting plot filled with far-future technology, lethal weaponry, and bizarre alien creations.

We Are Called to Rise

This book examines the politics of military families in relation to the tensions between the state, military organization, and private life. It elaborates on the tensions between the advent of challenging worldwide deployment for the military and the prominence of the home front. The volume aims to understand the dynamics of conflict and change within triad figurations at the macro (society), meso (organizational), and micro (family) level and is guided by the following overarching research questions: What are the key issues in the three-party dynamics? What tensions exist in these dynamics? How do actors seek to arrive at a balance? What initiatives for change are made? With contributions from international scholars, who examine the workings of politics in military families at all three levels, the book argues that members within military families deal with shifting power balances and these are impacted by demands from organizations and the state. This book will be of much interest to students of military studies, sociology, organizational studies and politics.

The Politics of Military Families

An account of the early years of World War II based on extensive new research: "A genuinely fresh approach . . . exceptional" (The Wall Street Journal). James Holland, one of the leading young historians of World War II, has spent over a decade conducting new research, interviewing survivors, and exploring archives that have never before been so accessible to unearth forgotten memoirs, letters, and official records. In *The Rise of Germany 1938-1941*, Holland draws on this research to reconsider the strategy, tactics, and economic, political, and social aspects of the war. *The Rise of Germany* is a masterful book that redefines our understanding of the opening years of World War II. Beginning with the lead-up to the outbreak of war in 1939 and ending in the middle of 1941 on the eve of Operation Barbarossa, the Nazi invasion of Russia, this book is a landmark history of the war on land, in the air, and at sea. "Magnificent." —Andrew Roberts, New York Times–bestselling author of *The Storm of War*

Orbus

In Saigon during the waning days of the Vietnam War, a small-time journalist named John Converse thinks he'll find action - and profit - by getting involved in a big-time drug deal. But back in the States, things go horribly wrong for him. *Dog Soldiers* perfectly captures the underground mood of America in the 1970s, when amateur drug dealers and hippies encountered profiteering cops and professional killers—and the price of survival was dangerously high.

The Buffalo Soldier Tragedy of 1877

After Vietnam the army promised its all-volunteer force a safety net long reserved for career soldiers: medical and dental care, education, child care, financial counseling, housing assistance, legal services. Jennifer Mittelstadt shows how this unprecedented military welfare system expanded at a time when civilian programs were being dismantled.

The Years of Rice and Salt

The Epic New York Times Bestseller Finalist for the Pulitzer Prize Finalist for the National Book Critics Circle Award A New York Times Notable Book Winner of the Texas Book Award Winner of the Oklahoma Book Award This stunning historical account of the forty-year battle between Comanche Indians and white settlers for control of the American West “is nothing short of a revelation...will leave dust and blood on your jeans” (The New York Times Book Review). *Empire of the Summer Moon* spans two astonishing stories. The first traces the rise and fall of the Comanches, the most powerful Indian tribe in American history. The second entails one of the most remarkable narratives ever to come out of the Old West: the epic saga of the pioneer woman Cynthia Ann Parker and her mixed-blood son Quanah, who became the last and greatest chief of the Comanches. Although readers may be more familiar with the tribal names Apache and Sioux, it was in fact the legendary fighting ability of the Comanches that determined when the American West opened up. Comanche boys became adept bareback riders by age six; full Comanche braves were considered the best horsemen who ever rode. They were so masterful at war and so skillful with their arrows and lances that they stopped the northern drive of colonial Spain from Mexico and halted the French expansion westward from Louisiana. White settlers arriving in Texas from the eastern United States were surprised to find the frontier being rolled backward by Comanches incensed by the invasion of their tribal lands. The war with the Comanches lasted four decades, in effect holding up the development of the new American nation. Gwynne’s exhilarating account delivers a sweeping narrative that encompasses Spanish colonialism, the Civil War, the destruction of the buffalo herds, and the arrival of the railroads, and the amazing story of Cynthia Ann Parker and her son Quanah—a historical feast for anyone interested in how the United States came into being. Hailed by critics, S. C. Gwynne’s account of these events is meticulously researched, intellectually provocative, and, above all, thrillingly told. *Empire of the Summer Moon* announces him as a major new writer of American history.

The Anarchy

Meet Blackwater USA, the private army that the US government has quietly hired

to operate in international war zones and on American soil. Its contacts run from military and intelligence agencies to the upper echelons of the White House; it has a military base, a fleet of aircraft and 20,000 troops, but since September 2007 the firm has been hit by a series of scandals that, far from damaging the company, have led to an unprecedented period of expansion. This revised and updated edition includes Scahill's continued investigative work into one of the outrages of our time: the privatisation of war.

Now I Rise

The Rise of Nine

Provides a political and military history of the legendary army, appraising its strengths and weaknesses, its military successes and criminal excesses

Soldiers and Their Horses

The highly anticipated, mind-blowing New York Times bestselling sequel to Kiersten White's New York Times bestseller, *AND I DARKEN*—the series that reads like HBO's *Game of Thrones* . . . if it were set in the Ottoman Empire. *A SISTER FILLED WITH RAGE* Lada Dracul has no allies. No crown. All she has is what she's always had: herself. After failing to secure the Wallachian throne, Lada is out to punish anyone who dares cross her. She storms the countryside with her men, but brute force isn't getting Lada what she wants. And thinking of Mehmed, the defiant Ottoman sultan, brings little comfort to her thorny heart. There's no time to wonder whether he still thinks about her, even loves her. She left him before he could leave her. *HER BROTHER CAUGHT IN THE CROSSHAIRS* Lada needs the support of her diplomatic younger brother, Radu. But Mehmed has sent him to Constantinople—and it's no diplomatic mission. Mehmed wants control of the city, and Radu has earned an unwanted place as a double-crossing spy behind enemy lines. And for the first time in his life, when Lada asks him for help, he refuses . . . leading his sister to make the darkest of choices. *THE ULTIMATE POWER PLAY* Torn between loyalties to faith, to the Ottomans, and to Mehmed, Radu knows he owes Lada nothing. If she dies, he could never forgive himself—but if he fails in Constantinople, would Mehmed ever forgive him? As nations fall around them, the Dracul siblings must decide: what will they sacrifice to fulfill their destinies? Empires will topple, thrones will be won . . . and souls will be lost. Fans of Victoria Aveyard's *THE RED QUEEN* and Sabaa Tahir's *A TORCH AGAINST THE NIGHT* won't want to miss this riveting and gorgeously written novel—the second in the *And I Darken* series. ★ "Gorgeous, rich, and rewarding."—Booklist, starred review ★ "Absolutely devastating in the best way."—Kirkus, starred review "A+, 5 knives."—Amie Kaufman, New York Times bestselling co-author of the *STARBOUND* and *ILLUMINAE FILES* trilogies "Fierce, epic, and crazy fun."—Melissa Albert, New York Times bestselling author of *THE HAZEL WOOD* A Teen Choice Book Award nominee! Praise for *And I Darken*: "A dark jewel of a story, one that gleams with fierce, cunning characters—absolutely riveting." —Alexandra Bracken, #1 New York Times bestselling author of *Passenger* "A dark, gritty, and seriously badass epic that will have you dying for more . . . required reading for every feminist

fantasy fan.” —BuzzFeed “Evocative . . . this book takes no prisoners.” —NPR

The Rise of Sivagami

With refreshing determination and hopeful grit, humanity activates a bold endgame against an alien invasion in the finale of a series heralded as “a modern classic” (Stephen Baxter) from “one of the finest writers the genre has produced” (Gareth L. Powell). Humanity is struggling to hold out against a hostile takeover by an alien race that claims to be on a religious mission to bring all sentient life to its God at the End of Time. But while billions of cocooned humans fill the holds of the Olyix’s deadly arkships, humankind is playing an even longer game than the aliens may have anticipated. From an ultra-secret spy mission to one of the grandest battles ever seen, no strategy is off the table. Will a plan millennia in the making finally be enough to defeat this seemingly unstoppable enemy? And what secrets are the Olyix truly hiding in their most zealously protected stronghold? With his trademark optimism about humanity’s tenacity and capacity for greatness, Peter F. Hamilton wraps up this brilliant saga with a bang—and reminds us why freedom of choice is the most important freedom there is.

Rise to Rebellion

A soldier who fought in one of the bloodiest battles in Afghanistan, and against all odds, lived to pursue his dream of playing Division 1 college football tells his story for the first time. 35,000 first printing.

A Night Divided (Scholastic Gold)

In *Samurai to Soldier*, D. Colin Jaundrill rewrites the military history of nineteenth-century Japan. In fifty years spanning the collapse of the Tokugawa shogunate and the rise of the Meiji nation-state, conscripts supplanted warriors as Japan’s principal arms-bearers. The most common version of this story suggests that the Meiji institution of compulsory military service was the foundation of Japan’s efforts to save itself from the imperial ambitions of the West and set the country on the path to great power status. Jaundrill argues, to the contrary, that the conscript army of the Meiji period was the culmination—and not the beginning—of a long process of experimentation with military organization and technology. Jaundrill traces the radical changes to Japanese military institutions, as well as the on-field consequences of military reforms in his accounts of the Boshin War (1868–1869) and the Satsuma Rebellions of 1877. He shows how pre-1868 developments laid the foundations for the army that would secure Japan’s Asian empire.

The Saints of Salvation

“If you thought that there was no reason left for living after the end of the Sorcerer’s Ring series, you were wrong. In *RISE OF THE DRAGONS* Morgan Rice has come up with what promises to be another brilliant series, immersing us in a fantasy of trolls and dragons, of valor, honor, courage, magic and faith in your destiny. Morgan has managed again to produce a strong set of characters that make us cheer for them on every page....Recommended for the permanent library

of all readers that love a well-written fantasy.” --Books and Movie Reviews, Roberto Mattos The #1 Bestseller! From #1 Bestselling author Morgan Rice comes a sweeping new epic fantasy series: RISE OF THE DRAGONS (KINGS AND SORCERERS—Book 1). Kyra, 15, dreams of becoming a famed warrior, like her father, even though she is the only girl in a fort of boys. As she struggles to understand her special skills, her mysterious inner power, she realizes she is different than the others. But a secret is being kept from her about her birth and the prophecy surrounding her, leaving her to wonder who she really is. Just as Kyra is coming of age, the local lord comes to take her away. Her father wants to wed her off to save her. Kyra, though, refuses, and she quests on her own, into a dangerous wood, where she encounters a wounded dragon—and ignites a series of events that will change the kingdom forever. 15 year old Alec, meanwhile, sacrifices for his brother, taking his place in the draft, and is carted off to The Flames, a wall of flames a hundred feet high that wards off the army of Trolls to the east. On the far side of the kingdom, Merk, a mercenary striving to leave behind his dark past, quests through the wood to become a Watcher of the Towers and help guard the Sword of Fire, the paranormal source of the kingdom’s power. But the Trolls want the Sword, too—and they prepare for a massive invasion that could destroy the kingdoms forever. With its strong atmosphere and complex characters, RISE OF THE DRAGONS is a sweeping, romantic saga of knights and warriors, of kings and lords, of honor and valor, of magic, action, adventure, destiny, sorcery, monsters and dragons. It is a story of love and broken hearts, of deception, of ambition and betrayal. It is fantasy at its finest, inviting us into a world that will live with us forever, one that will appeal to all ages and genders. Book #2 in KINGS AND SORCERERS is also now available! “RISE OF THE DRAGONS succeeds—right from the start.... A superior fantasy...It begins, as it should, with one protagonist's struggles and moves neatly into a wider circle of knights, dragons, magic and monsters, and destiny....All the trappings of high fantasy are here, from soldiers and battles to confrontations with self....A recommended winner for any who enjoy epic fantasy writing fueled by powerful, believable young adult protagonists.” --Midwest Book Review, D. Donovan, eBook Reviewer

The Warship

In the outskirts of space, and the far corners of the Polity, complex dealings are in play. Several forces continue to pursue the deadly and enigmatic Penny Royal, none more dangerous than the Brockle, a psychopathic forensics AI and criminal who has escaped the Polity’s confinements and is upgrading itself in anticipation of a deadly showdown, becoming ever more powerful and intelligent. Aboard Factory Station Room 101, the behemoth war factory that birthed Penny Royal, groups of humans, alien prador, and AI war drones grapple for control. The stability of the ship is complicated by the arrival of a gabbleduck known as the Weaver, the last living member of the ancient and powerful Atheter alien race. What would an Atheter want with the complicated dealings of Penny Royal? Are the Polity and prador forces playing right into the dark AI’s hand, or is it the other way around? Set pieces align in the final book of Neal Asher’s action-packed Transformation trilogy, pointing to a showdown on the cusp of the Layden’s Sink black hole, inside of which lies a powerful secret, one that could destroy the entire Polity.

Terror in the Mind of God

The Searing Portrayal Of War That Has Stunned And Galvanized Generations Of Readers An immediate bestseller upon its original publication in 1939, Dalton Trumbo's stark, profoundly troubling masterpiece about the horrors of World War I brilliantly crystallized the uncompromising brutality of war and became the most influential protest novel of the Vietnam era. Johnny Got His Gun is an undisputed classic of antiwar literature that's as timely as ever. "A terrifying book, of an extraordinary emotional intensity."--The Washington Post "Powerful. . . an eye-opener." --Michael Moore "Mr. Trumbo sets this story down almost without pause or punctuation and with a fury amounting to eloquence."--The New York Times "A book that can never be forgotten by anyone who reads it."--Saturday Review

Rise of the Warrior Cop

The soldier-horse relationship was nurtured by The British Army because it made the soldier and his horse into an effective fighting unit. Soldiers and their Horses explores a complex relationship forged between horses and humans in extreme conditions. As both a social history of Britain in the early twentieth century and a history of the British Army, Soldiers and their Horses reconciles the hard pragmatism of war with the imaginative and emotional. By carefully overlapping the civilian and the military, by juxtaposing "sense" and "sentimentality," and by considering institutional policy alongside individual experience, the soldier and his horse are re-instated as co-participants in The Great War. Soldiers and their Horses provides a valuable contribution to current thinking about the role of horses in history.

The Human: The Rise of the Jain 3

"Prequel to S.S. Rajamouli's blockbuster film Baahubali"--Page 4 of cover.

Johnny Got His Gun

THE TOP 5 SUNDAY TIMES BESTSELLER ONE OF BARACK OBAMA'S BEST BOOKS OF 2019 THE TIMES HISTORY BOOK OF THE YEAR FINALIST FOR THE CUNDILL HISTORY PRIZE 2020 LONGLISTED FOR THE BAILLIE GIFFORD PRIZE FOR NON-FICTION 2019 A FINANCIAL TIMES, OBSERVER, DAILY TELEGRAPH, WALL STREET JOURNAL AND TIMES BOOK OF THE YEAR 'Dalrymple is a superb historian with a visceral understanding of India A book of beauty' - Gerard DeGroot, The Times In August 1765 the East India Company defeated the young Mughal emperor and forced him to establish a new administration in his richest provinces. Run by English merchants who collected taxes using a ruthless private army, this new regime saw the East India Company transform itself from an international trading corporation into something much more unusual: an aggressive colonial power in the guise of a multinational business. William Dalrymple tells the remarkable story of the East India Company as it has never been told before, unfolding a timely cautionary tale of the first global corporate power.

The Rise and Fall of Comradeship

This is an innovative account of how the concept of comradeship shaped the

actions, emotions and ideas of ordinary German soldiers across the two world wars and during the Holocaust. Using individual soldiers' diaries, personal letters and memoirs, Kühne reveals the ways in which soldiers' longing for community, and the practice of male bonding and togetherness, sustained the Third Reich's pursuit of war and genocide. Comradeship fuelled the soldiers' fighting morale. It also propelled these soldiers forward into war crimes and acts of mass murders. Yet, by practising comradeship, the soldiers could maintain the myth that they were morally sacrosanct. Post-1945, the notion of kameradschaft as the epitome of humane and egalitarian solidarity allowed Hitler's soldiers to join the euphoria for peace and democracy in the Federal Republic, finally shaping popular memories of the war through the end of the twentieth century.

Rise of the Dragon Horde

The year 1877 was a drought year in West Texas. That summer, some forty buffalo soldiers struck out into the Llano Estacado, pursuing a band of raiding Comanches. Several days later they were missing and presumed dead from thirst. Although most of the soldiers straggled back into camp, four died, and others faced court-martial for desertion. Here, Carlson provides insight into the interaction of soldiers, hunters, settlers, and Indians on the Staked Plains.

Soldiers of Reason

The first thing that caught my eye was the geezer with the gold tooth - the second was that he was holding a shooter - and the third that he was pointing it at me.' Carlton Leach is a gangland legend - the mere mention of his name strikes fear into his enemies; yet to his friends he is as loyal and caring as they come. If trouble comes calling, Carlton isn't afraid to let his fists do the talking and woe betide anyone who crosses him, or those close to him. At last, in *Rise of the Footsoldier*, Carlton gives the full account of his life including how his story has been made into a hugely successful film. Born and raised in East London, Carlton was a key member of the notorious Essex Boys gang and the West Ham InterCity Firm, one of the most violent hooligan gangs to trouble the football terraces during the eighties. He's been shot at, stabbed, glassed - he's even had an axe in his head. Yet the event that really brought turmoil into his life was the murder of his best friend in the infamous Range Rover murders. Carlton vowed that he would find those responsible and make them pay. There isn't much that Carlton hasn't seen or experienced in his life and his tales of violence, gang wars and close calls with death will have you on the edge of your seat. He knows how close he has come to dying and has therefore shut the door on a gangland life. He may have changed but, as he himself says, 'I'll always need to exercise the Carlton Leach brand of justice. It's in me -

Rise of the Dragons (Kings and Sorcerers--Book 1)

An entire galaxy hangs in the balance . . . A Jain warship has risen from the depths of space, emerging with a deadly grudge and a wealth of ancient yet lethal technology. It is determined to hunt down the alien Client, and will annihilate all those who stand in its way. So Orlandine must prepare humanity's defence. Both

humanity and the Prador thought their ancient foe – the Jain – had perished in a past age. And they resolve to destroy these outliers at any cost. Orlandine wants the Client's inside knowledge to act, but the Client has her own agenda. Earth Central therefore looks to the Prador for alliance, after the Jain destroy their fleet. However, not everyone is happy with this, and some will do anything to shatter this fragile coalition. As the Jain warship makes its way across the galaxy, it seems unstoppable. Human and Prador forces alike struggle to withstand its devastating weaponry. Orlandine's life work is to neutralize Jain technology, so if she can't triumph, no one can. But will she become what she's vowed to destroy? The Human is the final book in Neal Asher's Rise of the Jain trilogy. 'Neal Asher's books are like an adrenaline shot targeted directly for the brain' John Scalzi, author of the Old Man's War series 'Magnificently awesome. Then Asher turns it up to eleven' Peter F. Hamilton on the first in the trilogy, The Soldier
