This Boy's Life

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. From the Trade Paperback edition.

The Light in the Forest

A “masterful . . . brilliantly constructed novel” of love and chaos in 1950s Vietnam (Zadie Smith, *The Guardian*). It’s 1955 and British journalist Thomas Fowler has been in Vietnam for two years covering the insurgency against French colonial rule. But it’s not just a political tangle that’s kept him tethered to the country. There’s also his lover, Phuong, a young Vietnamese woman who clings to Fowler for protection. Then comes Alden Pyle, an idealistic American working in service of the CIA. Devotedly, disastrously patriotic, he believes neither communism nor colonialism is what’s best for Southeast Asia, but rather a “Third Force”: American democracy by any means necessary. His ideas of conquest include Phuong, to whom he promises a sweet life in the states. But as Pyle’s blind moral conviction wreaks havoc upon innocent lives, it’s ultimately his romantic compulsions that will play a role in his own undoing. Although criticized upon publication as anti-American, Graham Greene’s “complex but compelling story of intrigue and counter-intrigue” would, in a few short years, prove prescient in its own condemnation of American interventionism (*The New York Times*).

The Nicomachean Ethics

Crime and Punishment

In the twentieth century, as previously excluded groups, including ethnic minorities, women, the disabled, and the differently gendered, gained a voice in society, group identity also changed and new definitions became necessary. Whether through their group affiliations or in spite of these affiliations, many individuals sought a new definition of themselves. As can be expected, much literature explores these changes and depicts the quest for new definitions and the search for individuality in the light of new definitions. Construction or definition of the self was once available only to the elite, and the freedom of some to define their identity was sacrificed so that others could make their own self-definitions; this practice can be found throughout much of history. This volume is about that kind of oppression and various strategies of escaping from oppression as depicted in serious literature. Its thirteen essays, all by recognized scholars, are divided into five categories: Race, Gender, and the Self; Assimilation and the Self; Black Males and the Self; Female Sexuality and the Self; and The Family and the Self.

“Crime and Punishment” is an 1866 novel by Russian author Fyodor Dostoevsky. The narrative concerns the inner anguish of Rodion Raskolnikov, a poor ex-student in Saint Petersburg who conceives a murderous plan to steal from a notorious pawnbroker. However, after the deed is done he deteriorates into a feverish state and begins to fret obsessively. In his delirium, Rodion wanders the streets of the city unknowingly drawing attention to himself and his connection to the crime. A masterpiece that places you into the confused mind of a misguided murderer, Dostoevsky's “Crime and Punishment” is a classic of Russian literature not to be missed by any lover of fiction. Fyodor Mikhailovich Dostoevsky (1821 - 1881) was a Russian novelist, essayist, short story writer, journalist, and philosopher. His literature examines human psychology during the turbulent social, spiritual and political atmosphere of 19th-century Russia, and he is considered one of the greatest psychologists in world literature. A prolific writer, Dostoevsky produced 11 novels, three novellas, 17 short stories and numerous other works. Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

Spark Notes 1984

Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, To Kill a Mockingbird has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

"A masterpiece of contemporary Bible translation and commentary."—Los Angeles Times Book Review, Best Books of 1999
Acclaimed for its masterful new translation and insightful commentary, *The David Story* is a fresh, vivid rendition of one of the great works in Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to the Shakespeare of the history plays.

Constructing the Literary Self

The Assistant, Bernard Malamud's second novel, originally published in 1957, is the story of Morris Bober, a grocer in postwar Brooklyn, who "wants better" for himself and his family. First two robbers appear and hold him up; then things take a turn for the better when broken-nosed Frank Alpine becomes his assistant. But there are complications: Frank, whose reaction to Jews is ambivalent, falls in love with Helen Bober; at the same time he begins to steal from the store. Like Malamud's best stories, this novel unerringly evokes an immigrant world of cramped circumstances and great expectations. Malamud defined the immigrant experience in a way that has proven vital for several generations of writers. "His best novel . . . The Assistant is as tightly written as a prose poem." --Morris Dickstein in *Leopards in the Temple: The Transformation of American Fiction 1945-1970*

My Antonia

To Kill a Mockingbird

Emma Woodhouse, handsome, clever, and rich, with a comfortable home and happy disposition, seemed to unite some of the best blessings of existence; and had lived nearly twenty-one years in the world with very little to distress or vex her. She was the youngest of the two daughters of a most affectionate, indulgent father; and had, in consequence of her sister's marriage, been mistress of his house from a very early period. Her mother had died too long ago for her to have more than an indistinct remembrance of her caresses; and her place had been supplied by an excellent woman as governess, who had fallen little short of a mother in affection. Sixteen years had Miss Taylor been in Mr. Woodhouse's family, less as a governess than a friend, very fond of both daughters, but particularly of Emma. Between them it was more the intimacy of sisters. Even before Miss Taylor had ceased to hold the nominal office of governess, the mildness of her temper had hardly allowed her to impose any restraint; and the shadow of authority being now long passed away, they had been living together as friend and friend very mutually attached, and Emma doing just what she liked; highly esteeming Miss Taylor's judgment, but directed chiefly by her own.

Cry, the Beloved Country

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative

writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Things Fall Apart

Equality 7-2521 finds himself out of step with the collectivist society of the future, and discovers a means to freedom in Ayn Rand's fable of the individual in conflict with society. First published in 1938, *Anthem* takes place in a dystopian future world in which humanity is enduring a new dark age, human life is regimented in every respect and personal identity has been all but snuffed out by a totalitarian government. The narrator, writing his story in secret, realizes he is a criminal simply for having thoughts of his own. Exploring the ruins of a previous civilization he discovers relics, conducts forbidden experiments and learns enough to question the very structure of his society. Can he share this knowledge with his fellow citizens? The author strips the relationship of humanity to civilization down to its bare essence in this modern parable that starkly illuminates the challenge an oppressive government presents to individuality. With an eye-catching new cover, and professionally typeset manuscript, this edition of *Anthem* is both modern and readable.

Souder

An adventurous story of a frontier boy raised by Indians, *The Light in the Forest* is a beloved American classic. When John Cameron Butler was a child, he was captured in a raid on the Pennsylvania frontier and adopted by the great warrior Cuyloga. Renamed True Son, he came to think of himself as fully Indian. But eleven years later his tribe, the Lenni Lenape, has signed a treaty with the white men and agreed to return their captives, including fifteen-year-old True Son. Now he must go back to the family he has forgotten, whose language is no longer his, and whose ways of dress and behavior are as strange to him as the ways of the forest are to them. From the Paperback edition.

The King Must Die

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis,

Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. “*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the Paperback edition.

The Hunger Games

Candide is a French satire by Voltaire, a philosopher of the Age of Enlightenment. It begins with a young man, Candide, who is living a sheltered life in an Edenic paradise and being indoctrinated with Leibnizian optimism (or simply Optimism) by his mentor, Pangloss. The work describes the abrupt cessation of this lifestyle, followed by Candide's slow, painful disillusionment as he witnesses and experiences great hardships in the world. Voltaire concludes with Candide, if not rejecting optimism outright, advocating a deeply practical precept, "we must cultivate our garden", in lieu of the Leibnizian mantra of Pangloss, "all is for the best in the best of all possible worlds". *Candide* is characterized by its sarcastic tone, as well as by its erratic, fantastical and fast-moving plot. A picaresque novel it parodies many adventure and romance clichés, the struggles of which are caricatured in a tone that is mordantly matter-of-fact. Still, the events discussed are often based on historical happenings, such as the Seven Years' War and the 1755 Lisbon earthquake. As philosophers of Voltaire's day contended with the problem of evil, so too does *Candide* in this short novel, albeit more directly and humorously. Voltaire ridicules religion, theologians, governments, armies, philosophies, and philosophers through allegory; most conspicuously, he assaults Leibniz and his optimism. As expected by Voltaire, *Candide* has enjoyed both great success and great scandal. Immediately after its secretive publication, the book was widely banned because it contained religious blasphemy, political sedition and intellectual hostility hidden under a thin veil of naïveté. However, with its sharp wit and insightful portrayal of the human condition, the novel has since inspired many later authors and artists to mimic and adapt it. Today, *Candide* is recognized as Voltaire's magnum opus and is often listed as part of the Western canon; it is arguably taught more than any other work of French literature. It was listed as one of The 100 Most Influential Books Ever Written.

The Quiet American

Leviathan or The Matter, Forme and Power of a Common-Wealth Ecclesiastical and Civil is a book written by an English materialist philosopher Thomas Hobbes about problems of the state existence and development. *Leviathan* is a name of a Bible monster, a symbol of nature powers that belittles a man. Hobbes uses this character to describe a powerful state (“God of the death”). He starts with a postulate about a natural human state (“the war of all against all”) and develops the

idea "man is a wolf to a man". When people stay for a long time in the position of an inevitable extermination they give a part of their natural rights, for the sake of their lives and general peace, according to an unspoken agreement to someone who is obliged to maintain a free usage of the rest of their rights – to the state. The state, a union of people, where the will of a single one (the state) is compulsory for everybody, has a task to regulate the relations between all the people. The book was banned several times in England and Russia.

Into the Wild

Leviathan

What is in the best interest of our students? Is it teaching to the newest standards movement, like the Common Core? Teaching that prepares students to take a test? Or is it something more meaningful and authentic? In his new book, *In the Best Interest of Students*, Kelly Gallagher notes that there are real strengths in the Common Core standards, and there are significant weaknesses as well. He takes the long view, reminding us that standards come and go but what remains constant is the need to stay true to what we know works in the teaching of reading, writing, speaking and listening. Instead of blindly adhering to the latest standards movement, Kelly advocates:

- Dialing up the amount of reading and writing students are doing.
- Balancing rigorous, high-quality literature and non-fiction with high-interest, student-selected titles.
- Giving students much more choice when it comes to reading and writing activities.
- Encouraging readers to deepen their comprehension by moving beyond the "four corners of the text."
- Using modeling to enrich students' writing skills in the prewriting, drafting, and revision stages.
- Helping young writers to achieve more authenticity through the blending of genres.
- Resisting the de-emphasis of narrative and imaginative reading and writing.
- Providing students with more opportunities to sharpen their listening and speaking skills
- Planning lessons that move beyond Common Core expectations.

In this provocative and insightful new book, Kelly surveys the teaching landscape since the publication of his highly regarded book *Readicide*, and finds that although some progress has been made, more needs to be done. Amid the frenzy of trying to teach to a new set of standards, Kelly Gallagher is a strong voice of reason, reminding us that instruction should be anchored around one guiding question: What is in the best interest of our students?

Cat's Cradle

"Stephen Kumalo, a church minister, receives a letter that changes his life. He must leave his village and travel to the city of Johannesburg, where his sister is ill and his son is lost. He has never been so far from home, and he is worried about what he will find there - but the situation is much worse than he could have imagined." - back cover.

In the Best Interest of Students

This unforgettable memoir, by one of our most gifted writers, introduces us to the young Toby Wolff, by turns tough and vulnerable, crafty and bumbling, and ultimately winning. Separated by divorce from his father and brother, Toby and his

mother are constantly on the move, yet they develop an extraordinarily close, almost telepathic relationship. As Toby fights for identity and self-respect against the unrelenting hostility of a new stepfather, his experiences are at once poignant and comical, and Wolff does a masterful job of re-creating the frustrations and cruelties of adolescence. His various schemes - running away to Alaska, forging checks, and stealing cars - lead eventually to an act of outrageous self-invention that releases him into a new world of possibility.

I Know Why the Caged Bird Sings

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's The Great American Read Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

The Curious Incident of the Dog in the Night-Time

A searing novel of social realism, Upton Sinclair's *The Jungle* follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.

The Power of One

Catch-22

Set in a dark vision of the near future, a terrifying reality TV show is taking place. Twelve boys and twelve girls are forced to appear in a live event called The Hunger Games. There is only one rule: kill or be killed. When sixteen-year-old Katniss Everdeen steps forward to take her younger sister's place in the games, she sees it as a death sentence. But Katniss has been close to death before. For her, survival is second nature.

The Jungle

This powerful Newbery-winning classic tells the story of the great coon dog Sounder and his family. An African American boy and his family rarely have enough to eat. Each night, the boy's father takes their dog, Sounder, out to look for food. The man grows more desperate by the day. When food suddenly appears on the table one morning, it seems like a blessing. But the sheriff and his deputies are not far behind. The ever-loyal Sounder remains determined to help the family he loves as hard times bear down. This classic novel shows the courage, love, and faith that bind a family together despite the racism and inhumanity they face in the nineteenth-century deep South. Readers who enjoy timeless dog stories such as Old Yeller and Where the Red Fern Grows will find much to love in Sounder, even as they read through tears at times.

Ragtime

The Screwtape Letters

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the

story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

The Things They Carried

Selected by the Modern Library as one of the 100 best novels of all time Published in 1975, Ragtime changed our very concept of what a novel could be. An extraordinary tapestry, Ragtime captures the spirit of America in the era between the turn of the century and the First World War. The story opens in 1906 in New Rochelle, New York, at the home of an affluent American family. One lazy Sunday afternoon, the famous escape artist Harry Houdini swerves his car into a telephone pole outside their house. And almost magically, the line between fantasy and historical fact, between real and imaginary characters, disappears. Henry Ford, Emma Goldman, J. P. Morgan, Evelyn Nesbit, Sigmund Freud, and Emiliano Zapata slip in and out of the tale, crossing paths with Doctorow's imagined family and other fictional characters, including an immigrant peddler and a ragtime musician from Harlem whose insistence on a point of justice drives him to revolutionary violence.

The Perks of Being a Wallflower

Born into a Jewish ghetto in Hungary, as a child, Elie Wiesel was sent to the Nazi concentration camps at Auschwitz and Buchenwald. This is his account of that atrocity: the ever-increasing horrors he endured, the loss of his family and his struggle to survive in a world that stripped him of humanity, dignity and faith. Describing in simple terms the tragic murder of a people from a survivor's perspective, Night is among the most personal, intimate and poignant of all accounts of the Holocaust. A compelling consideration of the darkest side of human nature and the enduring power of hope, it remains one of the most important works of the twentieth century. New translation by Marion Wiesel, with a new introduction by Elie Wiesel.

Candide

The Screwtape Letters by C.S. Lewis is a classic masterpiece of religious satire that entertains readers with its sly and ironic portrayal of human life and foibles from the vantage point of Screwtape, a highly placed assistant to "Our Father Below." At once wildly comic, deadly serious, and strikingly original, C.S. Lewis's The Screwtape Letters is the most engaging account of temptation-and triumph over it-ever written.

The Assistant

New York Times Bestseller: This retelling of the Greek myth of Theseus, king of Athens, is “one of the truly fine historical novels of modern times” (The New York Times). In myth, Theseus was the slayer of the child-devouring Minotaur in Crete. What the founder-hero might have been in real life is another question, brilliantly explored in *The King Must Die*. Drawing on modern scholarship and archaeological findings at Knossos, Mary Renault’s *Theseus* is an utterly lifelike figure—a king of immense charisma, whose boundless strivings flow from strength and weakness—but also one steered by implacable prophecy. The story follows Theseus’s adventures from Troizen to Eleusis, where the death in the book’s title is to take place, and from Athens to Crete, where he learns to jump bulls and is named king of the victims. Richly imbued with the spirit of its time, this is a page-turner as well as a daring act of imagination. Renault’s story of Theseus continues with the sequel *The Bull from the Sea*. This ebook features an illustrated biography of Mary Renault including rare images of the author.

The David Story: A Translation with Commentary of 1 and 2 Samuel

“A free-wheeling vehicle . . . an unforgettable ride!”—The New York Times *Cat’s Cradle* is Kurt Vonnegut’s satirical commentary on modern man and his madness. An apocalyptic tale of this planet’s ultimate fate, it features a midget as the protagonist, a complete, original theology created by a calypso singer, and a vision of the future that is at once blackly fatalistic and hilariously funny. A book that left an indelible mark on an entire generation of readers, *Cat’s Cradle* is one of the twentieth century’s most important works—and Vonnegut at his very best. “[Vonnegut is] an unimitative and inimitable social satirist.”—Harper’s Magazine “Our finest black-humorist . . . We laugh in self-defense.”—Atlantic Monthly
