Inside an old man listens to their story and then tells one of his own. Opening an old book, he tells the story of young woodsman named Peter. Tricked by a spirit, he enters a passage whose end is a world unto itself, Helicon, home of the nine sister Muses. Peter, his Mule and axe are transformed through the magic of the mountain. He accepts the title of Pendragon and becomes Helicon's champion; where he must face a plethora of villainous foes. He bravely defends each Muse and must ultimately fight for the existence of Helicon itself.

"Lilli Carre's little book *Tales of Woodsman Pete* from Top Shelf is really worth a look. It is, in its way, a heartbreaking little thing." -- Warren Ellis "A delightful little book of folk tales and folk tale types."-- Leroy Douresseaux, *Comic Book Bin* "A fantastic inquiry into friendship, loneliness, and storytelling."-- Matt Dube, *Gutter Geek* From Lilli Carr\_, one of the bright new faces in the indie comix scene -- *Tales of Woodsman Pete* is a collection of vignettes and stories about a solitary albeit gregarious woodsman with a loose grasp on his own personal history and that of the outside world. He forms relationships with his inanimate surroundings and muses to a dead audience, specifically his bear rug, Philippe. His own tales eventually become entangled with that of the legendary Paul Bunyan, and the two become indirectly intertwined, illuminating the discrepancy between the character of the storyteller and the character within his stories. The lives of both Paul and Pete encounter such things as the questionable origin of an ocean and the desire for preservation of everything from a fallen bird to an overused expression that has strayed a stone's throw from its original meaning.

Why, no, mother; not the least bit. I'm quite old enough, ain't I?" "I suppose you are, dear; though I would like to have you stay at your lessons for one more year anyway. What kind of work would you like best?" "That's not a hard question to answer, mother. I want to be what father was." Woodsmen as they form an unlikely alliance to thwart a tyrant. In her forest-veiled pagan village, Évike is the only woman without power, making her an outcast clearly abandoned by the gods. The villagers blame her corrupted bloodline—her father was a Yehuli man, one of the much-loathed servants of the fanatical king. When soldiers arrive from the Holy Order of Woodsmen to claim a pagan girl for the king's blood sacrifice, Évike is betrayed by her fellow villagers and surrendered. But when monsters attack the Woodsmen and their captive en route, slaughtering everyone but Évike and the cold, one-eyed captain, they have no choice but to rely on each other. Except he's no ordinary Woodsman—he's the disgraced prince, Gáspár Bárány, whose father needs pagan magic to consolidate his power. Gáspár fears that his cruelly zealous brother plans to seize the throne and instigate a violent reign that would damn the pagans and the Yehuli alike. As the son of a reviled foreign queen, Gáspár understands what it's like to be an outcast, and he and Évike make a tenuous pact to stop his brother. As their mission takes them from the bitter northern tundra to the smog-choked capital, their mutual loathing slowly turns to affection, bound by a shared history of alienation and oppression. However, trust can easily turn to betrayal, and as Évike reconnects with her estranged father and discovers her own hidden magic, she and Gáspár need to decide whose side they're on, and what they're willing to give up for a nation that never cared for them at all.
